Victor Riesel Says:

'Steel Strike Unlikely'

Reports 'Nobody On Either Side Wants Walkout'

PITTSBURGH — From around the countryside come reports of fear buying of steel to hedge against a possible strike this summer. Everybody can rest easy. President Kennedy has just been informed there will be no stoppage this year. Nobody on either side of this massive, very basic industry wants a walk-out.

Victor Riesel

Those who have sat in on an endless series of closed meetings of the high commands of the steel union and steel business here, and in Washington (in the White House too) and in Miami Beach, report that bargaining could not be smoother, more friendly and more understanding.

A peace settlement would have been announced by this time, months before the May 1 contract reopening date, except for the United Steelworkers insistence on some sort of a shorter work year. Over this there will be much talk, but no strike.

Silver-haired, pipe-smoking union chief Dave McDonald, hardly

looking his 60 years, is moving like an industrial statesman.

MCDONALD IS AWARE that further costs would make the American steel industry easy pickings for the rest of the world. Any further loss of orders to European and Asian steel producers, or to the U.S. timber, aluminum and concrete competitors, would bring an instant recession across the big American industrial belts. Already there are 100,000 jobless steel workers.

The competition is keen because of foreign wages as low as the following.

A new analysis of the Japanese steel industry labor costs reveals that it runs to 63 cents an hour. All fringes are included. And some of them are really beyond our fringe.

The Japanese steel workers get such benefits as cash payments for congratulations on marriages and births, condolence on deaths, subsidies for flower-arranging classes, barbershops and public baths.

In the Common Market countries, the latest report (1961) on the average steelworker's pay—all fringes included—is \$1.25 an hour. This labor cost includes such items as family allowances, spe-

cial railroad fares at vacation, free coal supplies, and housing.

COMPARE THIS FIGURE with the American labor cost for that year—\$3.99 an hour, including all fringes. The labor cost of our steelworker, therefore, is more than three times that of a foreign worker.

Since then the hourly work cost here has gone up to \$4.15.

Furthermore, the unemployed steelworkers in this country receive more money in special and regular jobless benefits than a fully employed steelworker in Europe or Asia.

There are other comparisons very much worth reporting. In Britain, which has not yet quite made the Common Market, the skilled craftsmen who maintain the steel industry's equipment have a basic rate of 79 cents an hour for a 42-hour week.

The French wage for iron miners — always vital to the cost of steel making — averages 47 cents an hour for an unskilled worker. At the other end of this scale is the \$1.15 an hour earned by the all-important mine foreman. The equally important French coal

Red-Castro Bloc Aiming At Kennedy

Plans Quick Retort To 'New Deal' Plan For Hemisphere

By WILLIAM L. RYAN AP Special Correspondent

The Castro-Communist alliance in Latin America plans a retort to the challenge of a new deal for the Western Hemisphere, laid down at San Jose, Costa Rica, by President Kennedy.

Communists of the hemisphere gather next Thursday in Rio de Janeiro, in what will be called "The Continental Congress in Defense of Cuba."

The principal aims will be to plot more aggressive strategy to step up the pace of revolutionary activities, and to rekindle mass sympathy for Fidel Castro's regime.

Moscow propaganda has been paying much attention to this congress. It claims that "hundreds of organizations, political and social personalities, and plain people of Latin America" are rallying to the Castro banner.

In one respect, Moscow's support of the congress is an answer to the Red Chinese, who have been accusing Premier Khrushchev's party of timidity in pushing revolutionary violence in underdeveloped areas. It also can serve the Soviet party as a weapon for countering Peking's influence in Latin America.

The Communists and Castroists — the terms are virtually synonymous — will use the congress to inventory their assets and prospects. Positions of the parties and revolutionary situations, country by country, will be under microscopic analysis in the back-room meetings, while the oratory in the congress hall lays down a smoke-screen.

The Rio meeting is expected to come up with some sort of blueprint for action.

If the congress follows Moscow's general directives for such enterprises, with what the Kremlin calls "the new logic of scientific communism," it will map out those areas where violence will pay off and those areas where struggles for electoral and economic power offer the prospects of better dividends.

A hemisphere Communist meeting held in Mexico in 1961 resulted in refinements in plans and methods of attack. These probably included the combination of terrorism and political conflict adopted in Venezuela, which is considered a prime target.

Publishers, Mailers In Tentative Accord

NEW YORK (AP)—Mayor Robert F. Wagner charted a new course today for settlement of the 104-day-old New York newspaper shutdown.

He announced that negotiators for the publishers of eight closed newspapers and for the striking Mailers Union reached tentative agreement on terms for a new contract.

The mailers are a sister union of the printers, whose strike against four newspapers last Dec. 8 led to the shutdown of the city's major newspapers.

25,000 Are Homeless As Blaze Hits Saigon

SAIGON, Viet Nam (AP)—Fire swept through a Saigon slum area, destroying 3,400 thatched roof shanties and leaving 25,000 persons homeless before it was finally brought under control early today.

Hundreds of the slum dwellers plunged into the Saigon River to escape the blaze. More than 100 were injured, police said.

Threatened With More Outbreaks

250,000 Persons Being Evacuated From Danger Area

JAKARTA, Indonesia (AP) — Bali Island's rampaging Agung volcano has killed at least 400 persons, a spokesman for the Indonesian civil defense organization said today.

The spokesman said there was an increasing threat of more violent eruptions from the 10,308-foot volcano in northeast Bali.

President Sukarno had declared the tourist-mecca island a disaster zone.

It was not clear immediately whether the increased death toll was due to new eruptions. Previously, officials had put the death toll at 150 or more.

A Red Cross source said latest reports listed 125 known injured. In view of the jump in the death toll, the number of injured also was expected to rise sharply.

The volcano erupted briefly Feb. 19, killing 17 persons, then lapsed into a lull. Last Sunday it began spewing out rock and lava.

The civil defense spokesman said some 250,000 persons are being evacuated from an area 20 miles around the volcano, which the Balinese consider the center of the universe.

Tons of lava and rock have spread death and destruction over a wide area. Thick clouds of volcanic ash virtually blacked out the sun over parts of Bali and darkened the sky over nearby populous east Java.

The spokesman said lava flows have isolated several areas to the east and south of Agung. However, the areas are accessible from the sea and boats are being rushed from nearby islands to aid victims and evacuate threatened areas.

Besakih, the largest and most sacred of Bali's temples, is on the slope of Agung, but so far it is reported undamaged. The temple is the focal point of a 100-year ceremony which was under way when Agung erupted.

During the ceremony held once each century, bones of the dead are burned to cleanse the island and rid it of spirits.

A large number of tourists are on Bali for the ceremony. However, there have been no reports of any foreigners among the casualties. Most of the tourists are staying at Denpasar, the capital of Bali, about 40 miles southwest of Agung.

The island is just off the east coast of Java, Indonesia's most populous island.

Unmanned Satellite Launched By Soviet

MOSCOW (AP)—The Soviet Union launched an unmanned satellite today.

The satellite was named Cosmos 13, the Soviet news agency Tass announced.

The Soviets began launching the Cosmos series a year ago and said they were measuring radiation and other phenomena. Cosmos 12 was launched Dec. 22.

Tass said Cosmos 13 had been placed in orbit with an initial time to circle the earth of 89.77 minutes. The equipment installed on board the satellite is functioning smoothly, Tass said.

Named Interim Aide

A. F. Anderson Appointed New Hancock Assessor

Arnold F. Anderson, ex-sheriff's deputy, was appointed as new assessor of Hancock County Wednesday night and today was to confer with an aide from the State Tax Commissioner's office concerning the fate of the on-again, off-again property reappraisal program that appears shrouded in a legal maze.

County commissioners named Anderson, 48, of New Cumberland R. D. 2 as interim assessor in a 2-1 vote that was preceded by some brief but sharp debate.

IN confirming Anderson, commissioners rejected one other nomination to the \$6,000-a-year job in the Courthouse.

Commissioner James Finley of Weirton nominated James Hanna, who was a deputy under the former assessor, Anthony (Tony) Leon.

Leon resigned Tuesday to seek the nomination as mayor of Weirton in the city's non-partisan primary May 7.

Commissioner Finley's motion of nominating Hanna as head of the department failed for lack of a second.

A sheriff's deputy for nine years and former state parks employee, Anderson was nominated as Leon's successor by Commissioner Robert E. Roach of New Cumberland.

AFTER THE motion received a second from William C. Graham,

Arnold F. Anderson

president, Finley angrily questioned the candidate for a few minutes, then gave up after Roach came to his defense.

The vote followed, and Anderson got the appointment on af-

firmative votes by Roach and Graham, with Finley in opposition.

Commissioners had accepted

River Falling After Hitting Flood Crests

Valley roads were covered in a few places early today as the Ohio River crested slightly above flood stages and the stream then began falling slowly after the second "high water" of March.

The Montgomery Island Dam at Ohio View reported a crest of 32.2 feet at 5 a. m. and the peak was reached at the Stratton Dam about 8:30 with the crest of 36.3 feet. The river rose to 29.8 March 6.

Route 7 had shallow water in the Empire area, Route 2 near New Cumberland was reached and the River Rd. here was covered.

There were no known cases of evacuation of homes but water got into several basements in low-lying areas in New Cumberland.

The rising water forced closing of the River Rd. at 4:30 this morning, but no real damage was reported in East Liverpool's two little low-lying residential sections — Jethro and Little England.

Kennedy's Report Waited On Costa Rica Conference

WASHINGTON (AP)—President Kennedy reports to the nation tonight on the Costa Rica conference which produced a seven-nation agreement to speed economic development of the hemisphere and curb Cuba-based subversion.

Shortly before Kennedy left the Costa Rican capital of San Jose late Wednesday, he announced he would open a 6 p. m. Washington news conference with a statement on his Monday through Wednesday talks with the chief executives of Panama and the five Central American republics.

The President was certain to express satisfaction with the outcome of the San Jose meetings, which brought him personal acclaim and agreement on a detailed statement of policy to guide the United States in its dealings with Panama, Costa Rica, El Salvador, Guatemala, Nicaragua and Honduras.

Hoping to attract a large television-radio audience for the news conference, Kennedy postponed for two hours the 4 p. m. starting time of the session originally announced more than a week ago.

The news conference will be carried live on NBC, CBS and ABC radio networks. It also will be carried live on television by NBC. ABC planned live broadcasting except along the Pacific Coast, where a rebroadcast was scheduled at 4:30 p. m. (Pacific Standard Time).

CBS said no decision had been made on television coverage.

Kennedy, who left Washington last Friday for a weekend in Palm Beach, Fla., before going to San Jose on Monday, returned to the capital late Wednesday night.

Before leaving San Jose, Kennedy told a cheering crowd of university students that Cuba is an example of communism's failure to provide for its people. Contrasting the progress of Costa Rica with that of the Communist-controlled Caribbean island, Kennedy said Cuba now produces 25 percent less food than it did five years ago.

The crowd at the University of Costa Rica, estimated at 10,000 cheered lustily as Kennedy wound up his speech with: "Viva Costa Rica. Muchas gracias."

## Yielded To Spring Today

## Severe 1962-63 Winter To Be Long Remembered

By The Associated Press  
Winter, 1962-63, whose walloping of the Northern Hemisphere long will be remembered, yielded to spring at 3:20 a.m. today.

U.S. weathermen said the winter was among the most severe in the past 100 years.

Meteorologists said the winter was the coldest or near the coldest on record for Chattanooga, Birmingham, Cleveland, Atlanta, New Orleans and Pittsburgh.

But in Alaska, many areas had much warmer weather than usual.

The cost in lives from weather-linked accidents was high. Crop losses, particularly in the South, ran into the millions of dollars. The South also had tornadoes and some of the worst floods in its history.

But this excess of moisture didn't carry over to much of the West, where some states reported the driest winter in years, and fear there might be a water shortage later. Many ski resorts suffered from a lack of snow.

Generally business wasn't hurt as much as it sometimes is during a hard winter, a survey by The Associated Press showed.

Retail sales were up two percentage points from a year ago. Industrial production held steady, with steel and auto output climbing.

At Kingston Springs, in a pocket on the Harpeth River near Nashville, the mercury plummeted to 30 degrees below zero on Jan. 24. Nashville recorded an all-time low of 15.4 degrees below zero.

Deeper in the South, New Orleans had its coldest winter since 1905. Fifteen days of freezing or below left a seasonal mean temperature of 51.7 degrees. The 1905 mean was 51.1. The record is 50.9 set in 1886.

In Florida, a mid-December freeze sent temperatures down to 10 degrees in the northern portion.

(Continued from Page One)

miner's wage averages \$32.79 a week.

So there is good reason for Dave McDonald and his own skilled technical advisers, not to want U.S. costs increased. On the other side of the bargaining table, such men as U.S. Steel's Conrad Cooper, chief negotiator for the 11 steel companies, are aware of McDonald's eagerness to cooperate. Where Cooper and his colleagues balk is at the union's suggestion for a three-month paid vacation for steel workers at the end of stated periods, such as five years.

There was an unofficial 50 below zero reading at Decorah in northeast Iowa. In some parts of the state the temperature sank below zero every night for as long as three weeks.

Ice on the Great Lakes was reported the thickest in 50 years. Lake Superior, never known to have frozen completely over, came close this year.

**BUT THE BARGAINING** sessions, known as meetings of the Human Relations Committee, are not what they used to be during the 116-day steel strike of '59. Then for weeks they exchanged bitter insults, or frequently sat silently during what were supposed to be bargaining sessions. Or talked about sports, because bargaining had become futile. Now the feud is gone.

Union chiefs, and the rank and file, have had their "belly full" of strikes. Many steel workers still are behind in mortgage payments, car installation and other payments.

As for the industry's executives, they yearn for a long siege of peace — such as the Kaiser steel people have. At Kaiser there is in effect a four-year, virtually guaranteed peace pact. This leaves much room for planning, because the costs are known.

All this is as bright and warming as a high sun on a sudden early spring day. Those of us who have covered the steel wars always said that as steel goes, so goes the nation.

If permanent peace comes to steel, perhaps it will come to other industries where angry men still sit across a table in antagonism rather than in reason for the common good.

## Woman And Child Treated At Hospital

A W. 5th St. woman, hurt in a fall Wednesday, is in "fairly good" condition today at City Hospital. A Chester child also was treated last night after a fall.

Mrs. Birdie Larcombe, 85, of 420 W. 5th St. suffered a fractured shoulder in a fall and was admitted early yesterday afternoon.

Carla Covert, 11-month-old daughter of Carl Covert of 844 Carolina Ave., Chester, received a laceration of the inner lower lip in a fall.

## Projects Discussed At Explorer Meeting

Twenty-five attended the Cherokee District Explorer Cabinet meeting Wednesday night at St. Aloysius School when four future projects were discussed.

All six Explorer units were represented. Plans were made for a hike along the Sandy - Beaver Canal trail sometime in August. A basketball tournament will be held between the posts.

Invitations were distributed for the Explorer Ball May 10 at the Country Club.

A discussion was held on the Region 4 Explorer conference May 3-5 at Ft. Knox, Ky.

## Band, Orchestra Unit Holds Husbands' Night

Husbands Night was observed at a meeting of the ELHS Band and Orchestra Mothers Tuesday at East Junior High School. There were 120 present.

The welcome was extended by Mrs. Merl McSwegin, president. Devotions and the Lord's Prayer were led by Mrs. Joseph Persohn.

Various committee reports were heard during the business session. Mrs. William Weaver, chairman of ways and means, announced that spray bandages are being sold as one of the group's fund-raising projects.

Mrs. Charles Waggoner, chairman, and Mrs. George Leigh, co-chairman, announced that plans are complete for the rummage sale March 27-29 at the rear of the City Market.

Mrs. James Locke, general chairman, and Mrs. Richard Judge, decorating chairman, reported on the plans for the dinner-dance May 4 at the East Liverpool Country Club.

It was announced that a tag day will be held April 13. Other reports were given by Mrs. Donald Duke, treasurer, and Mrs. Howard Claypool, secretary.

The members voted to purchase a tuba for the band.

The president introduced Vincent Maola, supervisor of instrumental music, who outlined proposed changes in the East Liverpool High School Band structure for 1963-64.

Maola introduced members of the brass sextet which received a superior rating recently at District 8 competition in Canton. Joe Judge, Darrell Locke, John Weaver, Tom Futhey, Mark Wilson and Jim Smith make up the group. They presented a selection, "Joseph In Egypt". The sextet will participate in the state finals April 6 at Kent State University.

The "Potters 5," comprised of Chuck Herman, Judge, Gary Wynn, Charles Padgett and Locke, played three numbers, "They're Off", "Liechtensteiner Polka" and "Night Life".

Maola announced that John Weaver, baritone player, will represent the East Liverpool band in appearing with the U.S. Navy Band March 30 at Salem Senior High School. One high school band member from each of the county high school bands will be featured. Weaver is president of the local varsity band.

Refreshments were served at individual tables by Mrs. Charles Glover, Mrs. Wilford Padgett and Mrs. Willis Standley, assisted by Suzanne Waggoner, Charlotte Ludwig, Sharon Leigh and Jeanne Phillips.

The next meeting will be April 16.

## Ohio View Lutheran Church Women Hold Busy Session

A book review, "Harvest of Hope" (Faith Baldwin), was presented by Mrs. Paul Stewart, charter member and past president of the woman's organization of Hope Lutheran Church in Brighton Township, at a meeting of the Women of the Church of the Ohio View Lutheran Church Tuesday night in the church hall.

Mrs. Homer Gifford opened the meeting with hymn singing and scripture reading.

Mrs. Charles Newcomb, Christian Service chairman, announced that the Beaver Valley Auxiliary to the Lutheran Service Society will meet Monday at 8 p. m. in the Christ Lutheran Church at Beaver Falls.

Mrs. George Madish, chairman of the altar care committee for April, will be assisted by Mrs. Donald Luster, Mrs. Harold Brobeck, Mrs. Ronald Erath, Miss Jacqueline Luster and Miss Marilyn Cowan.

Potted palms for the church chancel of Palm Sunday again will be provided by the group. Eight dozen Easter eggs will be sent to Mrs. Charles J. Spratley of Rochester, chaplaincy service chairman of the Beaver County chapter auxiliary to the Lutheran Service Society, for distribution to Beaver County homes and hospitals.

Mrs. Newcomb reported on a committee meeting held by the Lutheran Service Society of Western Pennsylvania March 12 in Rochester. Members voted to furnish items needed by this group as a future project.

Mrs. James N. Servey, offering chairman, read a letter from the Rev. Dennis Koch of Japan announcing plans to purchase an old folks' home. Members decided to adopt this as a foreign missions project for May.

Rev. Koch, during a furlough

Senk indicated today he might appeal to a higher court.

The 13-year-old girl was beaten fatally on Aristes Mountain as she fought off Senk's advances.

## Fund Request Calls For Careful Study

The finance committee of City Council has its work cut out for it in considering Safety-Service Robert Owen's request that \$196,000 be earmarked for municipal improvements.

The director's program is an ambitious one—possibly too ambitious at this time—and strong points can be made for most of the projects that have been suggested.

Among them are a new street department building for the housing and maintenance of equipment; purchase of a road grader equipped with a bulldozer; a mowing machine to be used for cutting some 40 acres of grass; a road roller; replacement of 350 parking meters; two new trucks for the incinerator department and completion of the department's new building; a new boiler for the heating system at City Hall; improvements at several of the city's fire stations; purchase of a vehicle for the police department for the hauling of prisoners and transport of emergency equipment, and a salary increase for the director himself.

There was no mention at this week's Council meeting, when the request was filed, as to how the program would be financed. Apparently most of the money would have to come from the revenue realized from the city income tax. The \$196,000 mentioned is

a sizable chunk and would mean a big drain on the city's finances if the contemplated program were to be approved in one fell swoop.

There is no question that some of the improvements are needed in a hurry. But it appears that many can wait for the time being.

The finance committee's job seems to be one of scrutinizing the whole ball of wax and then determining which projects should have priority.

It is a situation where first things should come first.

## Top Leadership

Twenty-five adult leaders were honored today at Columbus for their part in directing the activities of 4-H clubs throughout Columbia County.

They were among 1,200 from over the state who received recognition at ceremonies on the Ohio State University campus.

Their periods of service in 4-H work range from 5 to 15 years—a clear indication as to why the county's program has been so successful.

## What Matters Is The Money

It is a significant speculation that the State Department may try bluntness instead of butter, having discovered in the case of Canada and again in Brazil that bluntness gets results.

In Canada, a blunt reproval of the Diefenbaker government for stalling on mutual defense blasted the government out of power. In Brazil, a blunt declaration that Communists had infiltrated the government put the government on its ear and may have the long-range effect of putting the Communists out of the government.

The point in both instances is the same. Both governments are primarily interested in the material benefits of their relationship with the United States. Brazil, dicker for a substantial loan, couldn't care less about the niceties of diplomatic usage.

THIS IS frequently the case. Yet, the United States, which is expected to advance the money under its obsessive belief that money can stave off communism, bends over backward to save the feelings of the beneficiaries of its belief.

## Hanging In Effigy Won't Help

Sociologists should be flocking to the Alabama-Georgia football axis like swallows to Capistrano.

A social phenomenon is about to be unfolded. We do not know the story related by The Saturday Evening Post concerning alleged evidence of collusion between two football personalities, but we do know the story that has been related thousands of times about what happens when cherished individuals and institutions are shadowed by doubt.

The instinctive and inevitable reaction of the faithful is to demolish the source of the doubt. Something or someone is hanged in effigy. Resolutions are proposed and adopted. There is marching in the street, rallies on the campus in this instance.

In the meantime, quietly and with no popular support, a handful of inquisitive people,

frequently in peril, keep probing for the truth. Frequently, they find it.

We are confident The Saturday Evening Post thought it had all the proof it would need to back up its report that some things were not left to chance when a pair of big-time college football teams met "down south."

We are confident that everything will be dragged into this ruckus but home, fire-side and mother, big-time football and its enthusiasts being what they are capable of being when they go a little crazy, especially in the South.

But, along with the sociologists who should be watching this situation, we are awaiting some final word on the situation, not the hysteria that will be squirted over the truth like that stuff they squirt out of squeeze bottles in soda fountains.

## Ask Someone Who Knows

A list of upward of 40 agencies that have staked out various areas of the human body for research and improvement reveals that about half of them have come into existence since 1945.

This does not necessarily mean the problems they deal with were neglected before 1945 or are being solved since 1945. It means the psychology they rely on has been shaping up in their favor since 1945. There is more money to be had for the asking.

This can be dangerous. The benefits that accrue from systematic attempts to really financial resources against some dread disease are sometimes piffling compared with the money that sticks to the fingers of the organizers.

## Purely Personal

At least the college basketball scandals that usually pop this time of the year were edged out this year by the rumble of an alleged college football scandal, which breaks the monotony of our disenchantment with win-at-any-price athletics.

Teddy Kennedy apologized to the photographer who took his picture at the ski resort in New England, but for my money a photographer is wrong as a \$3 bill in taking anyone's picture without permission, either implied or expressed.

I planted sweet peas on St. Patrick's Day once, and sure enough they came up and bloomed, though I wouldn't mess around in cold muck again for all the sweet peas there are.

My father could look at a plank, a plot of ground, or a building and tell its dimensions within a foot or so. I can go after the same information with a tape measure and come no closer than he could come with his eye.

My first robin of the season was a thrill in spite of the fact I put no stock in first robins as harbingers. It is a comfort to know, though, that whatever breaks loose between now and May will break loose on robins, too, the sissies.

The sticky fingers are not illegal. There is no law that specifies how much money collected in a campaign should go directly to the purposes for which the campaign was waged. There is no law that says there must be a bona fide means for spending the money before it is collected.

There is only circumstantial evidence of bad faith when most of the money collected goes into the collectors' pockets.

The giver has only one source of protection—the knowledge of people who work professionally in related fields of fund-raising.

Before giving away money on someone's say-so, ask someone who knows about the reliability of the say-so.

By Truman Twill

Try as I will to work up a cry about what is happening to pish restaurants, allegedly because the government cracked down on the expense-account racket, I can find no sadness within me. The few times I have seen the inside of these places, including the fewer times I have been paying the bill, have not endeared me to the high-women who run them or to insulting waiters who have mastered the art of keeping customers on the defensive.

The thing that strikes me as silly about the impending collapse of the United Nations, unless everybody has a change of heart, is that they will put up another set of buildings for the next one, instead of returning either to the League of Nations at Geneva or the beehive on Manhattan Island.

When local boosters tell me about climatic shortcomings elsewhere, I make a point of mentioning thunder and lightning as two local features I could do without and never give them another thought if I lived to be a thousand. They scare me silly.

I regret the passing of the modest motels I thought I could afford to stay in when I went traveling, because that's how the motel business was put on its feet—by hotels whose prices got beyond the reach of ordinary travelers.

# Debate Continues On 'Managed News'

By DAVID LAWRENCE

Much of the discussion lately about "managed news" is an exercise in semantics. The word "managed" can be variously interpreted as a proper as well as an improper use of information that is given to the public.

Every administration, just like every private business, has a David Lawrence right to put its best foot forward—to write its own statements and declarations in such words and phrases as will make the most favorable impression on the people. For years every administration has had specialists in its various departments to handle press relations.

Nobody would object to "managed news" if it merely means the issuance of statements and reports by the government which "point with pride" to an administration's achievements or extol the virtues of policies it hopes to fulfill.

What is objectionable is something that can be referred to unequivocally as deception or untruth. President Eisenhower was blamed by Democratic partisans for having told the truth about the U-2 incident in 1960. Members of the Senate Foreign Relations Committee intimated afterwards that he should have withheld the truth.

BUT MR. EISENHOWER, in an authorized quotation that appears in a book by his onetime secretary of commerce, Lewis Strauss, said:

"The most powerful weapon we

have—indeed, the most powerful weapon that any people can have—is truth. If we ever find ourselves in a position where we cannot tell the truth, or where we feel that the telling will injure us, we will have sacrificed that most powerful weapon."

Governments do not need to publish everything they know. The real question is whether, when they talk to the public, they are revealing all of the truth or none of the truth.

The American people are accustomed to political exaggerations and also to the obvious propaganda in official statements. This type of publicity may not be relished, but the majority of the people accept it as a custom in political government.

What is considered reprehensible, however, is an attempt by

any administration deliberately to deceive the American people. Sometimes this is done not by any misstatement but by careful manipulation of the news in such a way as to produce an impression that really is not true.

The whole controversy about "managed news" arose in connection with the crisis over the military buildup in Cuba last autumn. For reasons of its own, the administration did not wish to make public what it knew. This is understandable.

But when high officials of the administration assemble and talk to a group of 500 editors, reporters and broadcasters from 40 states in a "background briefing," the newsmen naturally believe they are being given the whole truth. Such a "briefing" took place in Washington on Oct. 15.

Under the rules of these conferences, nobody is quoted directly. A high official of the government did, however, assure the press that the Soviet equipment in Cuba was totally defensive in character and that the threat in Cuba was not a military threat to the hemisphere but one of subversion.

The newsmen also were told that invasion and blockade should be considered as one and had been ruled out, because ships couldn't be stopped under the threat of force without getting into a war—and a big one.

The whole tenor of these remarks left the reporters with the feeling that the United States intended to take no action beyond stepping up surveillance and trying to influence international traffic involving Cuba.

Other officials who commented on the Cuban situation indicated that the United States was checked and was not planning to do anything about the presence of Soviet armament and troops in Cuba. It was flatly stated that the decision was against any use of military forces.

YET, WITHIN a few days, a mobilization was ordered, and it has since been disclosed that as early as Oct. 16 the administration had confirmed its suspicions about the presence of "offensive" missiles in Cuba. The President didn't go on television to announce this until Oct. 22.

Meantime, many of the news stories and magazine articles written as a result of these "briefing" conferences with the press gave the public a totally misleading impression. What the public read was that no action was being contemplated beyond economic pressure and that no measures would be taken to rid Cuba of Soviet armament.

All this turned out in a few days not to be true. Many excuses have been heard ever since. One is that the high officials at the "briefing" conferences didn't know about the final proof concerning the missile bases which had been obtained through air surveillance.

Another explanation is that the President kept his counsels to a few, and some of the other officials were not told what was going on.

The net effect was nevertheless to permit those who attended the "briefing" sessions to tell the American people things which were not true concerning the government's intentions. Many citizens later wrote letters to the news publications accusing them of having falsified the facts and stating that they had lost confidence in those publications.

Maybe the whole thing was just a bungle from top to bottom on the part of administration officials. Perhaps it had been agreed that no intimation about future policy would be given even if it meant misleading the press.

One official of the government later referred to this as "managed news." A continuous debate goes on not only inside the press but outside as to what are the true responsibilities of an administration in attempting to "manage the news."

## Economic Problems Worry Indonesia

By BRUCE GRANT

DJAKARTA A Western diplomat who recently visited President Sukarno found the Indonesian leader preoccupied with economics.

"Everyone tells me there's inflation and something must be done about it. I don't think there's too much inflation, do you?" Sukarno asked. The diplomat avoided giving a direct answer.

At that point, money in circulation was twice that of a year ago, a spectacular rise during 1962 to about 125 billion rupiahs.

The budget deficit for the year, after a saving of 15 billion rupiahs by various government measures, was still about 47 billion rupiahs, including the formerly secret West New Guinea campaign budget which was revealed in Parliament last December to be 23 billion rupiahs.

The value of the rupiah, officially 45 to the U.S. dollar, is at an all-time low. The free market is 1,250 and rising.

BUT THE PRESIDENT'S leadership is at present being tested in a more severe and direct way than before. Sukarno formerly has been able to turn his authority to what seemed more urgent tasks—restoring internal security, getting West New Guinea.

Unlike the Marxists, Sukarno put the philosophical basis of the state first, proclaiming the revolution in terms of an Indonesian "identity" rather than any reconstruction of economic life. Indonesia's peasant farmers continue to work much as they have done for centuries.

The challenge to the President comes from several quarters. He must fulfill his promise to provide "food and clothing for the people" as the next stage of the Indonesian revolution.

His government is facing rising public criticism for corruption and

inefficiency. As prices rise—rice jumped from 37 rupiahs a litre in Djakarta in October to nearly 70 rupiahs at the end of January—many urban Indonesians are saying conditions are the worst since the Japanese occupation.

ANOTHER PRESSURE on President Sukarno is mounting debts. Since 1950, the United States has given Indonesia about \$710 million in grants and loans. Since 1946, the Communist bloc has provided \$644 million in non-military loans, with about \$1 billion for the arms buildup since 1961.

In the service of this huge debt, Indonesia is required this year to repay \$180 million to \$200 million, which, at present production rates, is almost one quarter of its entire foreign exchange export earnings.

In the meantime the United States has advanced \$17 million as an emergency measure, mainly for spare parts and raw materials. In January, Djanda Sukarno's chief minister, put non-agricultural production at about 25 per cent of capacity.

One speaker during the December parliamentary session claimed that only 50 per cent of all buses and trucks in Java—government and privately owned—were operating.

The weaving industry in North Sumatra was down to 38 per cent capacity at the end of last year. In West Java, privately-owned mills were 50 per cent idle because of a yarn shortage.

AT ALMOST the same time that Subandrio, the foreign minister, signed the \$17 million loan agreement, President Sukarno was signing a contract with the General Dynamics Corporation for three jet Convair-990 A's for the country's international services at a cost of \$19 million.

So far Sukarno has succeeded

brilliantly in preserving his balance atop Indonesia's shifting political forces. His leadership has brought hard-won unity, including West New Guinea, and a certain entertainment of the people which cannot be overlooked.

He has not brought prosperity, however, and the present test of

his leadership, is whether he can rouse the Indonesian people to work, or whether he will divert them again with a crisis—such as Malaysia—which will set the two major power blocs against each other. A typical Sukarno solution would be a little of both.

## Soviet Stuck With Cuba

By James Marlow

WASHINGTON

So far the Russians are ahead on Cuba, now their satellite in this hemisphere. But they look stuck with it, even if they wanted out.

The United States seems baffled on how to rid the island of them. Fidel Castro and communism in general. Even excited congressional cries to do something, like a blockade, have melted away.

President Kennedy, pointing out a blockade might mean war with Russia, has promised to tighten anti-subversion rings around Cuba. What that means isn't clear.

Neither he nor the six Central American presidents who met with him this week in Costa Rica suggested direct action. But it's hard to see what else will work so long as Russia keeps Castro afloat with supplies and protection.

The State Department, meanwhile, strongly opposed hit-and-run raids on the island by Cuban refugees. Two refugee groups reportedly raided over the weekend and killed or wounded some Russians.

The mess will get worse if the forays continue and the Russians pursue the raiders with ships and planes. At the same time, without such tangible evidence of support, anti-Castroites in Cuba may give up.

The presence of 15,000 or so Russian troops in Cuba is frustrating in more ways than one this country's historic policy of keeping foreign powers out of the hemisphere.

1. So long as Castro is boss and wants them, this country can't argue they have forced their way in.

2. Since U.S. officials have said the Russian troops are not a direct threat, this country can't use self-protection to excuse direct action.

3. Direct action, since Russian troops would be involved or endangered, would head straight for war with Russia.

4. Too much pious American outrage at the Russians' presence would be unconvincing. American troops are involved in fighting Communists in Viet Nam.

So, while Premier Khrushchev was embarrassed when Kennedy forced him to remove his Cuban missiles, he has embarrassed Kennedy with his troops.

Since neither Kennedy nor anyone else has suggested a quick solution, the American embarrassment should go on indefinitely.

It's additionally galling to know the Russian troops are life insurance for Castro in case the Cuban

people wanted to throw him out. There's another side to the coin:

Castro, since he must depend on Russian economic and military protection for survival, has to be subservient to Russian wishes.

This makes him a puppet. Puppets can be discarded. The Russians, no dopes, must have several other Cuban Communists ready to replace Castro if he balks.

At the same time Cuba, under the Russian wing, is now a training ground for Communists from other Latin-American countries.

Once they graduate they can return home to display their scholarship, with guns, money, propaganda and political and military organization.

Keeping them from returning home seems to be the anti-subversion ring Kennedy is talking of tightening.

If by this time the Russians are wishing they weren't so deeply involved in a place so far from Russia as Cuba, there seems little they can do.

They are under pressure not to desert Castro. The Red Chinese already have branded the Russians as chicken Communists.

For the Russians to let Castro fall or fail would be to prove the Chinese right before the rest of the Communist world.

Besides, since Cuba is the first Communist foothold in the Americas, its survival has real and symbolic importance.

The end of communism in Cuba would be a disheartening blow to communism and Communists everywhere in Latin America.

## Letter To Editor

EDITOR OF THE REVIEW:

On behalf of the management and employees of the Coca-Cola Bottling Co., I would like to express our appreciation for the wonderful cooperation displayed by all concerned during and after our fire Friday night.

There is no question that the outstanding work of the police and fire departments prevented much more damage than was experienced. They are to be highly commended. The behavior of the crowd which witnessed the blaze was exemplary and the many offers of assistance we have received since from various business establishments and individuals have been most heart warming.

This was truly a team effort and we want to say thanks.

## Bid Is Accepted For Parking Lot

The bid of H. R. Allen of Beaver of \$4,796.50 for construction of a new public parking lot was accepted Wednesday night at the meeting of the Midland Municipal Authority.

Other bidders were George Studen of Midland, \$5,637; C. B. Frye & Sons of Monaca, \$6,066.75; Casper Colosimo & Sons of Pittsburgh, \$6,841.50, and Figley Brothers of East Palestine, \$8,100.

The authority also opened bids on a third lot to be constructed between 6th and 7th St. on the south side of Railroad Ave. The Steve Hoodnich Co. of Freedom was the apparent low bidder, with an offer of \$9,322.01.

Other bidders were George E. Studen Co. of Midland, \$10,320; H. R. Allen Co. of Beaver, \$9,483; Casper Colosimo & Sons of Pittsburgh, \$13,624.50; the Beaver Asphalt Pavement & Construction Co. of New Brighton, \$10,076, and B. & L. Paving Co. of New Castle, \$10,618.

The bids were turned over to Michael Baker Jr., Inc., of Rochester, consulting engineers for the authority, for tabulation and a recommendation.

The authority officially accepted contracts No. 11 and 12, the high efficiency pumps, which are now completed. The sewage plant heating equipment was inspected by the engineers and by a representative of the manufacturer. The board will suggest changes in the facility after receiving recommendations following a study by the manufacturer.

The authority approved a motion to authorize Michael Baker to bring the tracing of the waterworks up to date. The cost of the work is estimated at \$144.

The Duquesne Light Co. advised the authority that the lights have been installed in the new parking lot and are now in service.

Bills in the sum of \$22,079.17 were ordered paid.

Dr. Zanzel Sigal, chairman, presided.

County Goal \$22,000

## Kickoff Program Held For Cancer Campaign

LISBON — Education of the public on the need for regular health checkups to curb cancer and additional money for research are the two goals for the 1963 Cancer Fund drive, it was announced at a kickoff meeting of the Columbiana County chapter of the American Cancer Society Wednesday night.

A goal of \$22,000 has been set for the county drive which will open April 1 with the double themes of "To Cure More, Give More" and "Fight Cancer With A Checkup And A Check."

John Ely, Ohio Crusade director, was guest speaker and showed a film, "All for April," at the dinner at the Wick Hotel.

Mrs. Audrey Newtz of East Liverpool, president, presided.

Others present were Sam Brown of East Liverpool, county chairman; James L. McBride of Lisbon, co-chairman; Dr. John Fraser of East Liverpool, medical advisor; Dr. William Kolozsi of Salem, service chairman; Miss Selma Ladzinski of East Liverpool, public education chairman; Carl L. Stacey of Columbiana, publicity chairman; Mrs. Jayne Calhoun of Lisbon, executive director, and the Rev. and Mrs. Paul T. Gerard.

Mrs. Newtz issued an appeal for support of the campaign, pointing out the prospect of saving many more lives.

"The public is becoming increasingly aware of the urgency of the cancer problem and that something can be done about it. In 1963, at least 44,000 men and women will be saved who would have been lost to cancer had they developed the disease 10 years ago," Mrs. Newtz said.

She also emphasized that while it is now possible to save at least one out of two of those who develop cancer, only one of three is being saved.

"If present rates continue about 88,000 men, women and children will die of cancer this year who might have been saved by earlier diagnosis and prompt treatment."

"Because of the unnecessary loss of life," Mrs. Newtz said, "the first goal of the 1963 Crusade will be to get more people to doctors in time for early treatment. An annual health checkup is a person's best protection against death from cancer."

"Another part of the first goal is the objective of making sure

that physicians are informed on the latest methods of diagnosis and treatment. When a person goes to a doctor, he should receive all the benefits of the best medical knowledge and skills."

The second goal of the 1963 Crusade will be much more needed money for research. "Only through research can we hope eventually to save the one half of those who develop cancer who can not now be saved. There is new hope in the scientific community that cancer can be eliminated as a threat to life. New knowledge of cancer is piling up at a rapid rate."

"Increased funds are greatly needed to keep this knowledge building toward eventual solution of the cancer problem. Contributions to the 1963 Crusade will pay dividends in the future."

"It is very gratifying that the 1962 Crusade, with contributions exceeding \$39 million was our best crusade year in history. Let's try to beat it this year and I feel the people of Columbiana County will give more in 1963 to cure more."

Brown will announce area chairmen shortly.

### Knox Group To Meet

LISBON — Items needed for next month's projects will be discussed by the Knox Township Home Demonstration Group when it meets Tuesday from 10 a. m. to 3 p. m. at the home of Mrs. Gerald Radcliff, a mile and a half south of North Georgetown, according to Don Myers, county extension agent in agriculture.

## New Hancock Aide Selected

Leon's resignation Tuesday night and at the same time dismissed his 16 employees and ordered the office packed.

The office was to be re-opened today and the new assessor, who had been employed as purchasing agent for the County Jail and Children's Home, said he planned to re-hire two of the dismissed employees — Helen Cuppy and Dorothy Thomas.

COMMISSIONERS informed Anderson that as the new assessor, he has the authority to hire or dismiss any employees as long as he operates within the bounds of his budget allotted by County Court for salaries for personnel.

Anderson was administered the oath immediately upon confirmation by County Clerk Donald G. Stewart, and later posted bond.

Anderson's property bond was furnished by Dick Wright of Route 30, Chester, chairman of the Democratic Executive Committee in the county. Anderson is Democratic committeeman in Clay District.

BEFORE considering appointments of a new assessor, commissioners held a long discussion on the path to follow in making assessments on real estate, used in figuring taxes.

The debate centered on a letter received Tuesday from State Tax Commissioner G. Thomas Battle of Charleston concerning 1963 appraisals and assessments.

The receipt of the letter was acknowledged and the contents noted in the official minutes.

It was the opinion of Atty. Donald Donell, legal advisor of County Court, that Battle's letter "was a mandate to the County Court to assess the property in Hancock County according to the appraisal figures as given by the appraisal firm."

DONELL referred to the reappraisal of 19,000 parcels of land in the county completed in December by Cole, Laver & Trumble of Dayton. The professional firm's work was rejected last month by County Court.

But Battle in his letter "disapproved" of the rejection by County Court and instructed it to make such corrections in the property valuations as deemed necessary to comply with a section of the state code.

The assessor is required to assess property at 50 per cent of the appraisal value under a State Legislature act. But Battle has apparently given consent that the assessor may base his assessment on 40 per cent of Cole, Laver & Trumble's reappraisal values.

WHETHER the reappraisal program will be used in figuring 1963 taxes, and the rate on which assessments will be based will apparently be worked out today when Anderson, county commissioners and Atty. Donell confer with the state tax commissioner's aide.

Commissioners agreed last night to work with the tax department aide to arrive at a plan that will

meet the requirements set forth in Battle's letter.

Using the re-valuation figures was to have helped clear the way for a hike of \$19 million in assessments, providing additional revenue for municipalities and the County Board of Education, and at the same time evading certain penalties.

Sixteen attended the meeting in the downstairs of the Courthouse in the county seat.

### Power Lines Repaired After Wind Damage

Monongahela Power Co. crews Wednesday afternoon completed repairs on a 2,300-volt primary power line which was snapped in Tuesday night's rain and wind storm when hit by the roof of a garage in the Kenilworth area.

About 25 customers in the Congo and Kenilworth area were without power for sometime Tuesday night.

Emergency repairs also had to be made when the roof of a house blew off and hit service lines of two other homes at Redick's Hill, and a Fairview Rd. home was without power for a while when a 7,200-volt line was interrupted during the storm.

A transformer fuse was burned out in the Johnstown area causing an outage.

### Steubenville Mayor Hits Rail Station Plan

Mayor Andrew W. Miller of Steubenville voiced the only protest at a public hearing Wednesday in Steubenville on the application of the Pennsylvania Railroad to change the status of area freight stations to that of carload-only freight stations.

Representing the railroad at the Public Utilities Commission hearing was R. N. Long, supervisor of stations in the Pittsburgh region.

The railroad is seeking the change at East Liverpool, Wellsville, Empire, Toronto and ranging down to Bellaire.

## Farm Women Hold Meeting

Twenty attended a meeting of the Hancock County Farm Women's Council Wednesday at New Cumberland when plans were made for the West Virginia program planning session.

The state meeting will be held at Jacksons Mills April 29-May 2 when the program for the 1964 club year will be set up, including lessons studies and workshops on a county basis.

Mrs. Donald Glenn of Route 2 is president of the Hancock County unit and will attend the state meeting along with other individual club representatives.

A sack lunch was held at yesterday's meeting at the Swaney Library. Mrs. Ruth McPherson of New Cumberland, extension club agent, was in charge.

The Council will meet again May 15.

MISS HARRIET DIVELY  
Due At Lisbon March 27.

### Camp Fire Girls Director To Help Lisbon Program

LISBON — Miss Harriet Dively, director of Region IX of Camp Fire Girls, Inc., will arrive March 27 to conduct a two-day meeting to help organize and set up a program for the Lisbon area, according to Mrs. Ray Hempstead, acting president.

Miss Dively, whose headquarters are in Grand Rapids, Mich., is an advisor to Camp Fire Girl Councils in Michigan, Ohio, West Virginia, Indiana, Kentucky and Illinois. Previously she was regional director for the Middle Atlantic states.

A native of Grand Rapids, Miss Dively is a graduate of the University of Michigan and also did graduate work at the University of Washington.

She has been associated with the youth agency for many years, both as a member of the national staff, supervising the Camp Fire Girls program in the Southwest and in New England, and as executive director of councils in such widely scattered cities as Sandusky, Ohio, San Diego, Calif., and Seattle.

She has directed Camp Fire Girls camps and was an officer in the Pacific Camping Association. She is a member of the American Camping Association and the National Association of Social Workers.

### Democrat Club Elects Officers

New officers were elected at a meeting of the Wellsville Democratic Women's Club Wednesday night at the Carnegie Library.

Named were Mrs. Grace Wilson, president; Mrs. Albert Beech, vice president; Mrs. Virginia Heaton, secretary, and Mrs. Dolly Brophy, treasurer.

Mrs. Brophy was re-elected. Mrs. Kay Drago is the retiring president.

The new officers will assume their duties at the meeting April 17 at the library. It will be a joint session with central committee-men and candidates.

The nominating committee included Mrs. Dorothy Weekley, Mrs. Beech and Miss Grace Woodward.

A membership drive is being conducted. Lunch was served by Mrs. Drago and Mrs. Brophy.

Pines are favored for bonsai, but many other trees can be dwarfed, including maple, elm, cherry, cedar, cypress and weeping willow.

## Protestant Church Merger Plan Discussed At Meeting

OBERLIN, Ohio (AP)—A small group of churchmen end a three-day conference at Oberlin College today in what could be a historic venture—attempts to weld six major Protestant denominations of 22 million members into a single church.

The merger proposal, still in its preliminary stage, sparked much discussion but no controversy among delegates attending the Oberlin meeting.

Involved are 54 delegates from six denominations: Methodist Church, Protestant Episcopal Church, United Presbyterian Church, Disciples of Christ, Evangelical United Brethren and the United Church of Christ.

At a general meeting Wednesday night, Dr. James I. McCord, conference chairman, urged delegates to speak "with candor and truth."

"Nothing is to be gained by sidestepping issues that must be faced," McCord said.

For the layman, Wednesday night's discussion was highly com-

plex, concerned mostly with the wording of a report on "Scripture, tradition and the guardians of tradition," prepared by Elmer J. F. Arndt, professor of historical theology at Eden Theological Seminary, Webster Groves, Mo.

Taking part were some of the most accomplished Protestant theologians in this country.

The final session of the Oberlin meeting was to be held today and delegates expected to adopt a final statement outlining progress made at the meeting.

### Firemen Select Dates For Salineville Event

SALINEVILLE—Volunteer firemen have designated July 8-13 as dates for the annual summer celebration, featuring booths, concessions, rides and a parade.

Joseph Knight will serve as chairman for the annual event. The firemen will make further plans at a meeting April 1, Fred Wilson, president, said.

## Area Mishap Results From Slick Road

A semi-tractor-trailer truck driven by a city man was involved in a crash with another "semi" outfit on Route 22, two miles west of Bloomingdale, Wednesday night at 9:15, according to the Wintersville State Highway Patrol.

Officers said the highway was "a glare of ice" and the accident was unavoidable. The roads were so bad, even the patrol cruisers could not move until the Jefferson County Highway Department spread ashes.

Officers said the accident started when a Trailways passenger bus went sideways on the slick highway. The bus was trailing a tractor-trailer unit driven by Charles E. Lockhart, 44, of 1077 Clayborne Ave.

Lockhart and the bus were headed up hill. Another tractor-trailer unit driven by James R. Smith, 51, of Zanesville was headed down hill. He saw the bus turn around behind Lockhart and ap-

plied his brakes. This caused him to slide into Lockhart's unit.

Moderate damage resulted to both rigs and traffic was tied up both ways for more than an hour and a half, officers said.

Just after the mishap, two cars piled up behind the scene of the accident. They were heavily damaged, but no one was injured. The patrol investigated five other accidents yesterday.

### Congregation Files State Incorporation

Articles of incorporation for the Congregation Beth Shalom of East Liverpool have been filed with Secretary of State Ted W. Brown.

The incorporators were Dr. William Z. Sulkes, Dr. Norman Birnbaum and S. A. Weiner. The agent was Judge Louis Tobin.

The officers of the new congregation include Dr. Sulkes, president; Dr. Birnbaum, first vice president; Dr. Alex Fisher, second vice president; Martin Gluchow, treasurer; Ben Berman, recording and corresponding secretary and Weiner, financial secretary. It incorporated a non-profit group.

## Dog Is Still Checked In Threat Of Rabies

No sign of rabies has shown up to date in a stray cocker spaniel that bit a small child in Wellsville the afternoon of March 13.

The dog is confined to a cage and being checked daily by William Long, Wellsville dog warden. The dog will be kept for 10 days. The incubation period for rabies will end Sunday.

If the dog is rabid, the child

will be required to take a series of shots. Robert Miller, 5, son of Mr. and Mrs. Chester Miller, 1024 Beech St., was attacked while playing in his charge.

Long said any animal seen on the streets, with or without licenses, will be picked up. All are required by law to be tied up, he said.

Sixty pacers raced a mile in two minutes or less in 1962. Thirteen trotters accomplished the feat.

## Farmer-Hill Nuptial Held In Lisbon District Church

LISBON — A half-hour of nuptial music preceded the wedding of Miss Rhonda Sue Hill and Jack David Farmer Sunday afternoon at 2:30 o'clock at St. Jacob's United Church of Christ.

Their parents are Mr. and Mrs. Richard S. Hill of the Salem Rd. and Mr. and Mrs. Clyde L. Farmer of Salem R. D.

The Rev. William V. Ring, minister, officiated for the double-ring ceremony before the altar, decorated with palms, white carnations, calla lilies and snapdragons, with seven-branch candelabra on either side. Vases of the bridal flowers were at the front of the church.

Mrs. John Schnader, soloist, sang "Hawaiian Wedding Song," "Through the Years" and "The Lord's Prayer," accompanied by Mrs. Edward Mitchell at the organ.

Given in marriage by her father, the bride was gown in Chantilly lace with a Sabrina neckline accented by tiny seed pearls and sequins and long, tapered sleeves. It had a fitted bodice and a full bouffant skirt of silk organza over taffeta, with a double butterfly bow at the waistline in the back.

Her wedding veil of nylon illusion, fingertip length, was attached to a crown of pearls and crystal teardrops. The bridal bouquet was an arrangement of white callalies and carnations tied with satin streamers. She also carried a handkerchief that belonged to her late maternal grandmother.

Miss Candy Hill, sister of the bride, was maid of honor and bridesmaids were Miss Alice Farmer, sister of the bridegroom, and Mrs. Sanford Hill, the bride's sister-in-law. All attendants wore gowns fashioned alike, of sheath lace over peau taffeta with scoop necklines tapering to a V in the back, three-quarter length sleeves and a pleated overskirt with self bow in front and streamers in the back.

They wore matching pouff headpieces, sprinkled with pearls, attached to circular face veils.

Mrs. Flossie Whittington reinstated.

Mrs. Matilda Chapman, Mrs. Victoria Willis, Mrs. Elizabeth Czech, Mrs. Hazel Tittle, Mrs. Laura Costello, Mrs. Miriam Abrams, Mrs. Gracie Miller, Mrs. Margaret McAdoo, Mrs. Grace Stewart and Mrs. Sylvia McDonald formed the initiating staff.

Mrs. Laura Mae Smith, great aunts, presided for business. Reports on the sick included Mrs. Margaret Datwyler, a patient at City Hospital; Mrs. Dora Groomes, at the Osteopathic Hospital; Mrs. Gwendolyn Garwood, Mrs. Mary Hough, Mrs. Eva Scott, Mrs. Lillian Allen, Mrs. Celia Kinsey and Mrs. Mary Jane Jennings, confined with illnesses at home.

Covers were arranged for 43 at tables with shamrocks and large Irish hats as decorations. Silver rings, decorated with shamrocks, were favors. The committee consists of Mrs. Willis, chairman, Mrs. Essie Bole, Mrs. McAdoo, Mrs. McDonald and Mrs. Czech. Mrs. Smith contributed the prize won by Mrs. Nell Pelley.

Next meeting is April 15 with the committee listed as Mrs. Raymond, Mrs. Looman, Mrs. Eleanor Shaw and Mrs. Lytton.

Officers of the Helen Gould Literary Club were returned for another term at the meeting Tuesday night with Mrs. Emil Lieb-schmer of St. Clair Ave. They are:

Mrs. Robert E. Boyce, president; Mrs. James A. Bower, first vice president; Mrs. David G. Boyce, second vice president, and Mrs. Francis H. Lang, treasurer. Mrs. Emmett Gaston was elected secretary.

Mrs. Boyce presided for business and named the program committee. Mrs. A. E. Stoddard, Mrs. Everett Chandler and Mrs. Lieb-

The dress of the maid of honor was of spring yellow and she carried a bouquet of talisman roses. The bridesmaids' dresses were aqua colored and they carried yellow roses.

The flower girl, Brenda Coalmer, cousin of the bride, wore a yellow nylon dress and matching pouff headpiece. She carried a bouquet of mixed flowers.

William Skeels of Lisbon was best man and ushers were Sanford Hill of Salem, brother of the bride, and Fred Hippley of Salem.

The bride's mother chose a bone colored two-piece sheath dress with green accessories and her corsage was of green carnations. The bridegroom's mother was attired in a green sheath with beige accessories and a white carnation was her corsage.

For the open reception at the church Fellowship Hall, the bride's table, covered with a white linen cloth, was decorated by yellow and aqua chrysanthemums surrounding the four-tiered wedding cake, which was topped with a miniature bridal pair. Double lighted tapers on either side completed the setting.

Serving at the reception were Miss Patty Callahan, Mrs. David Hepner, Miss Linda McKenzie and Mrs. Robert John, all of Lisbon.

Mrs. William Skeels was in charge of the register for the 230 guests from Columbiana, Minerva, Salem, Leontia, Columbus, Washingtonville, Kensington, East Rochester, Youngstown, Canfield, Winona and Lisbon.

For going away, the bride wore a turquoise knit suit with black accessories and a corsage of white roses. They will reside at R. D. 4.

## Natural Causes Ruled In Death Of East End Boy

A 4-year-old East End boy, who was found dead in bed early Sunday, died from natural causes, the Columbiana County coroner's office announced Wednesday.

Dr. William Kolozsi, coroner, and Dr. Roy C. Costello, deputy, issued the ruling after a conference yesterday afternoon on the sudden death of Daniel Quinn, son of Mrs. Betty Thompson Quinn, rear 475 Mulberry St.

The two officials said the youngster died as the result of a rupture of the esophagus. "There was no element of foul play, no contagion," the doctors said.

They explained complications arose after a small ulcer started in the lower gullet. An infection resulted causing the rupture, they said.

Police and firemen, who were called Sunday, at first suspected gas fumes may have contributed to the boy's death since fumes were noticeable and there was a small leak in a gas space heater.

However, an autopsy eliminated the possibility of carbon monoxide and Dr. Costello said he was convinced the child died from natural causes but wanted to wait until bacteriological tests could be completed before issuing a ruling.

The boy's death touched off an investigation in which Asst. Fire Chief Alfred Van Dyne removed three other children from another apartment Monday afternoon because of the lack of heat or electricity. They were the children of Mrs. Edna Mikeals and Mrs. Dorothy Mikeals, who reside above the Quinn apartment in the building owned by Earl Tweed.

## Snow Blamed In Auto Crash

The wet snow that put a thin glaze of ice on pavements was blamed for a three-way auto mishap at 6:50 a. m. today on St. Clair Ave. 39 feet south of Youngs Alley, police reported.

The collision involved a 1959 car driven by Leonard Nichols of Gades St., a 1954 two-door driven by Lynette Ann Reed, 25, of 1201 Jennings Ave. and a 1963 model compact operated by Richard S. Low, 509 Orchard Grove Ave., officers said. The Nichols and Reed

autos were southbound and Low was northbound.

Nichols told police he halted because cars ahead of him were stopped on the slippery pavement. The Reed auto then hit his auto and the Low car he said.

The young woman reported she saw Nichols' car stop and she attempted to go around it to avoid a collision. However, she hit the Nichols auto and then the Low car. Low said he was headed uphill about 5 to 10 miles an hour and was unable to avoid being hit by the Reed car.

The mishap damaged the left rear quarter panel, tail light and right front headlight rim of the

Nichols car, the right front of the Reed auto and the left side of Low's car, police said.

Patrolman Orin C. Smith, who investigated, said the pavement "was very icy" because of the snowfall.

## Plans For Dinner Outlined By Legion Post At Newell

Plans for a membership dinner were outlined and a new member enrolled at a meeting of Newell American Legion Post 114 at the post home.

The dinner, which will feature a guest speaker, will be held March 30 at 6:30 p. m. The auxiliary will prepare and serve the dinner.

Audley Elliott Jr. of East Liverpool was accepted as a new member.

A \$25 donation was authorized to the Hancock County Chapter of the American Red Cross. William Gamble, child welfare officer, reported that two area children have been selected to attend "King For a Day" ceremonies in Charleston.

A report on the recent district oratorical contest was given by George LaNeve.

Letters of appreciation were received from Department Com-

mander Chester Matney and Adjutant Tommy Jones for courtesies extended them on their recent visit to the post.

Dewaine Staley, commander, presided.

The next meeting will be April 3.

On Luzon's Bataan Peninsula and Corregidor Island, in the spring of 1942, United States and Filipino troops made heroic, hopeless stand to halt the Japanese invasion of the Philippines.

## Negley Flood Studies Set

NEGLEY — Plans for a Middle-ton Township study on removing water from low areas of the village and an Ohio Highway Department study on draining off highway water were made at a meeting held Wednesday afternoon concerning perennial flooding of some parts of Negley.

Earl Nelson, deputy director of Division 11 of the Ohio Highway Department, and two aides, along with county commissioners and township trustees attended the meeting with a village delegation. Leslie's Run, a north-south stream, and two east-west branches of Bull Run—one from Rogers and the other from Darlington — converge here, and spring floods send waters into the lower areas.

Nelson and Charles Snyder, Columbiana County engineer, agreed to undertake a survey on removing water from the highways, primarily Route 154. Township Trustees Stewart Dyke, John Dyke and Everett George agree the township will study means of draining the lower areas. A joint meeting will be held later to review the studies and financing.

## Liquor Board Studies Permit Transfer Bids

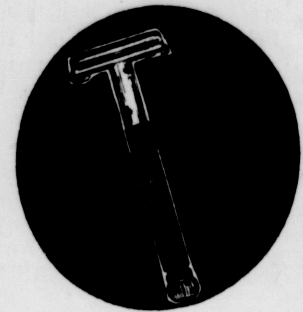

The State Liquor Control Board said today at Columbus it is processing applications to transfer three East Liverpool permits.

There is an application to transfer a permit for carry-out sale of 3.2 beer from Alfred C. Gloeckner Jr., operator of Al's Atlantic Service, 412 E. 3rd St., to Alfonso D. Greco for operation of Al's Carry-Out at the same address, the board said.

At the same time, Greco seeks to transfer a permit for high-power beer and wine carry-out from the Harker Ave. Cafe, 1123 Harker Ave., to the carry-out operation at the E. 3rd St. service station, the board said. The third application seeks to transfer a high-powered beer and wine permit of Robert M. Wyant and Hazel C. McComas at the Valley Bar, 507 Mulberry St., to Hazel McComas to continue the operation at the same address, the board said.

Sagging Wall Perils House

SALINEVILLE — A corner of the foundation of a vacant, two-story tile block store building on W. Main St. continued to crumble slowly today, leaving the west wall sagging and posing a threat to an adjacent home.

The tile foundation began to break and crack Tuesday afternoon, and the sidewalk on Main St. and the adjacent intersecting street were barricaded to traffic because of the hazard.

The 60-year-old structure is owned by Michael Keating, who resides next door and who operated a grocery store in it until about 12 years ago.

Police, who erected the barricades Tuesday night, said the weakened building poses a threat to Keating's two - story frame home which is only four or five feet from the sagging wall.

Keating said this morning he does not consider the hazard very great, but he believes the building will have to be torn down.

He said he thinks the foundation was weakened when water seeped into the material and the severe freezes of February caused the cracking.

Trades Council Raps Alteration Of 2 Laws

Trades and Labor Council, meeting Wednesday night in the old IBOP Building, went on record in opposition to proposed changes in the Ohio unemployment compensation and workmen's compensation laws.

Letters explaining the central body's stand will be sent to State Rep. Clarence L. Wetzel and State Sen. Edmund A. Sargus.

Cited After Accident

A Wellsville motorist was cited for driving while under the influence of alcohol after an accident Wednesday at 11:10 a. m. at the intersection of Aten and Maple Aves., Wellsville.

Police said James R. Judge, 405 15th St., will receive a hearing before Mayor William Daugherty of Wellsville.

Judge was cited after his car hit the rear of one driven by Norman R. Brown of Wellsville R. D. 1. Brown was headed south on Aten and had halted for a stop sign at Maple Ave., police said.

River Crests, Falls Slowly

(Continued from Page One)

W. Boso, officers kept a watchful eye all night on River Rd. near Ralston's Crossing so that the street department could be notified when water encroached onto the pavement to any depth.

When the water attained a depth of approximately a foot, Supt. W. M. Laughlin was notified and barricades were placed to shut off traffic.

At 8 a. m., about 150 feet of the pavement was under water in the vicinity of the Ralston's Crossing underpass. The depth ranged from 18 inches to two feet. The water was about a foot from covering the pavement at any of the other low-lying spots, police said.

The street department placed barricades on the River Rd. near Walnut St., on St. George St. just east of Ralston's Crossing and on State St. at Pennsylvania Ave.

One motorist who disregarded the barricades and drove onto the flooded road came to grief when water "drowned" his motor. A tow truck was called to haul the disabled auto away.

A Leonard St. resident said water invaded the cellars of three or four homes in Jethro, but it was not deep enough to move onto the first - floor levels of any of the houses.

In Little England, a resident said the water crept into low-lying areas, but there was no indication it had entered any cellars.

With the crest already attained, the residents of Jethro and Little England were assured no evacuation would be necessary.

The police department said it received no distress calls from either community as the river rose.

The street department kept a truck standing by in case it received requests for evacuation of household furnishings. However, none was received.

Water started over Route 7 at Empire last night, according to the Wintersville State Highway Patrol.

The county highway department kept a watch on the section to see that no motorists stalled. The highway was covered with about 6 inches of water this morning.

The flood pumps at Wellsville were turned on early Wednesday evening and still were operating today, according to Safety-Service Director Fred Baldasare. The pumps are at 1st and 22nd Sts.

In New Cumberland, water backing up Hardin's Run reached the edge of Route 2 on Chester St. but traffic was not hampered and there was no serious flooding.

Squire John D. Herron, Red Cross disaster chairman, said the river stage was at 36.3 feet at 8 a. m.

In a low - lying section of Chester St., there was about an inch of water in one traffic lane while the other was dry, deputy sheriffs said.

One family residing near Hardin's Run moved out at the first threat of high water about two weeks ago and still hasn't returned, apparently waiting until the river subsides.

Like the previous high water, the snow fell afterwards and the State Highway Department garage at Lectionia put 16 crews to cindering as the icy conditions began developing early last night.

Chester Whitehouse, superintendent, said the crews started at 8 last night and remained out until 3:30. Cindering was resumed this morning.

He estimated 1½ inches fell during the night in the rural areas but the city got hardly more than half an inch.

Street department crews scattered ashes and salt this morning on major thoroughfares and at intersections, Supt. W. M. Laughlin said.

Wellsville street crews were called out early this morning to spread salt on the ice slickened streets, according to Baldasare.

The cold snap, which helped hold down the flood crests, resulted in a sub-freezing low of 27 degrees in the downtown this morning and the Ohio weatherman said tonight's low will be 20 to 26. The day's high will range between 34 and 38.

Mission Will Collect Articles Here Monday

The Christ Mission Goodwill Industries truck will solicit here Monday with co-operation of churches.

The Goodwill program provides rehabilitation service for handicapped persons, and on - the - job training for placement of the handicapped person on a job in outside industry.

The program depends upon contributions of used clothing, furniture, shoes, electrical appliance and miscellaneous household items to provide the necessary operating funds. The articles are repaired and reconditioned in the Goodwill workshops by the handicapped workers and are then sold in five Goodwill stores.

Money derived from the sale of articles is used to pay the wages of the handicapped workers.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: We have four children — two boys and two girls. The boys (18 and 17) never have caused us any trouble. They go with the same group of teen-agers and get along well together.

The girls are 16 and 15. They got along fairly well (though not as well as the boys) until about two years ago. Ginger, who is 16, is full of fun and has a great many friends. Debbie does better in school but she's somewhat unsuccessful socially. It is ironic that Debbie is much better looking than her older sister but not nearly so popular with either boys or girls.

Ginger always has received a great many more invitations than Debbie. I've insisted that she arrange to have Debbie invited or she must stay home, also. Lately she has become rebellious over this.

I say sisterly love is more important than any invitation and that Ginger should not go where Debbie is not invited. We want your opinion. — REFEREE.

Dear Referee: This is no way to encourage sisterly love, mother. You are creating resentment between these sisters which will last forever. Insist that Debbie make her own friends. Ginger should not be placed in the unattractive position of begging for an invitation for her sister. You are not being fair to either of these girls.

Long, Long Courtship

Dear Ann: I see by your newspaper that you firmly believe prolonged mourning is unhealthy. You say it serves no useful purpose and long-time mourning is really "self-pity turned inside out."

You usually make pretty good sense. I agree in this case that you are right. Now, I would like to know your views on prolonged courtship? What do you think about couples who go together for years and somehow never seem to get around to marriage?

I know of a couple who have been dating for 15 years. Is this unhealthy? My initials are the same as yours. — A. L.

Dear A. L.: It all depends on the couple. I've said it before and I'll say it again—marriage is not for everyone. Some couples "go together" like salami and rye bread—but

they are unable (for a variety of reasons) to function within the framework of marriage. For them, marriage is a disaster—and they are better off "going together."

Regrets Bargain

Dear Ann: I married too young like a big fool and had two boys before I was 19. My husband (if you can call him that) started to chase with an older woman. After three years of running around he asked for a divorce. I was sick of his cheating and lying and was happy to be rid of him.

I had a wonderful opportunity to take a road job but it meant boarding out my boys. Mom and dad told me they would take the boys but only if they could adopt them legally. I agreed, seeing no other way out.

Two years have passed and I'm through with the road job and

am now settled in town. My sons, I'm sorry to say, are growing up like a pair of savages. They talk back to everybody and have no manners whatever. When I correct them my father says, "Shut up. These boys are mine." What can I do?—HEARTACHES.

Dear Heartaches: Very little. When you allowed your parents to adopt the children you signed away your rights as a mother.

Try to get the point across to your father that the boys need discipline and must learn to respect others or they will be a problem to themselves and to everyone else. If you can enlist your clergyman's help, I heartily recommend it.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

District Highway Work Reviewed At Session Here

District highway projects were reviewed generally in a meeting here Wednesday afternoon between Earl Nelson, new head of the State Highway Department Division 11 office in New Philadelphia, and the highway committee of the Chamber of Commerce.

In the "get-acquainted" meeting at the Chamber office, Nelson was accompanied by two of his aides, Levi (Jack) Kimble and Robert Jenkins. Twelve members of the Chamber committee attended. Atty. Francis H. Lang, committee chairman, presided.

The Highway Department representatives reiterated that the second stage of the Lake Erie-Ohio River Highway, ending at Substation, will be completed late this fall. They also advised that plans for the next segment to the north should be completed by mid-summer.

There also was discussion on the possibility of extending the city's freeway eastward toward East End. Eventually, the four-lane road will stretch eastward all the way to the Ohio-Pennsylvania state line.

The greatest inland fisheries in the world are in the state of Michigan, which markets at least 20 species of fish, from carp, trout, perch and pike to herring.

# Hints from Heloise

— By Heloise Cruse —

DEAR HELOISE: Recently I read about the lady who cleaned her venetian blinds in the bath tub. I thought my method was even better. I use the bath tub and detergent but I do not let them soak a couple of hours. My daughter did this and the paint came off of hers.

I used a sponge with a long handle and wiggle it between the slats. Then I rinse the blinds under the shower or on a sunny day I throw them over the line and turn the garden hose on them.

I can do a room with three windows in 10 minutes time.

MRS. NOEL DENISON.

P.S.: I might need 5 more minutes to hang them up again! Be sure to hang the blinds up while the tapes are still damp to prevent shrinking. We don't want them to be too short.

MRS. N.D.

DEAR HELOISE: Just what does one do with clothespins that get dirty and dark? I consider it a sin to discard them and my budget does not call for doing it either. I will appreciate any answer from my friends whom I have met through your column.

MRS. M. V. S.

Has anybody ever really found an answer for this? If you have,

let's help our coffee friend. Write your answer to Heloise in care of this paper.

HELOISE

DEAR HELOISE: Here's my time saver!

I leave my clip-type clothespins on the line, hanging down, with the line running through the little hole.

It takes a little extra time when you are taking your clothes off the line but it saves twice as much time when you hang the next load up. You can slide the clothespins up and down the line as you need them.

MRS. NOEL DENISON.

LAZY.

DEAR HELOISE: Did you ever wish you could bake potatoes in only 13 minutes?

You can, and you don't even have to heat the oven. Wrap the potatoes in foil, place them on a rack in your pressure cooker and add water up to the rack. Cook 10 to 15 minutes, depending upon the size. When done, I cannot tell them from regular oven baked potatoes.

MRS. L. A. EIKELBERGER.

DEAR HELOISE: I save left-over pieces of steak, cut them into bite sized pieces and freeze them. I find that these are deli-

cious when cooked with spaghetti sauce!

BETTY MIFFLIN.

HELOISE

DEAR HELOISE: Those little nylon net squares which you told us to make for dishcloths should be kept in the kitchen sink to remove all the stains from hands after gardening, and so forth.

I discovered this by accident as I am one to wander into the garden without gloves and to come in with grass and mud stains. The nylon net squares work beautifully.

MRS. FRANK MILLER.

LAZY.

DEAR HELOISE: A little glycerine—rubbed over freshly clean windows—will prevent them from clouding over on damp days or in foggy weather. We keep the cloth we use for waxing our floors in an airtight container. This keeps the cloth moist and saves wax!

LYNN MARTIN.

DEAR HELOISE: I find the inside seams of infant's clothes (such as underpants) are often rough and irritating.

Now I put my baby's things on him wrong-side-out! This way the rough seams do not bother baby and only the softness will touch his tender skin.

GLORIA ABRAMSON.

## Charter Revised By Palsy Group

The revised charter was read at the meeting of the Columbiana County Affiliate of the United Cerebral Palsy Association Tuesday night at the Lisbon Village Hall.

Atty. John McDonald read the charter. Richard Brian, president, conducted business.

Tentative plans were made for a dinner open to the public in the near future.

It was announced Mrs. M. Rudolph Miller has been accepted to attend the Professional Training Institute conference June 24 at Michigan State University. She is teacher at the local nursery school.

Mrs. Marion Thompson screened a filmstrip of the Christmas

party held for the children of the school.

Next meeting is April 16 in the clinic rooms of the Mary Patterson Memorial.

## Shippingport Class Conducts Bible Study

Fourteen attended the meeting of the Willing Workers Sunday School Class of the Green Valley Methodist Church at Shippingport Monday night in the social rooms.

Mrs. Betty Call led devotions and the group studied Elijah and Elisha.

Lunch was served by Mrs. Madeline Christy and Mrs. Ruth Marker.

The Helping Hands Sunday School class will hold its monthly meeting tonight at the church.

Mr. and Mrs. Merrill Scott spent Sunday with Mr. and Mrs. Robert Reed in Ohioville.

## Group To Study New School Role

SALINEVILLE — A special conference committee has been named by the Salineville High School Alumni Association to study the future of the group in relation to the new Southern Local High School which will open next fall.

Miss Edna Kirk is chairman of the committee, which includes Mrs. S. R. Davis and Miss Myrtle Strabley with Jack Baker, executive head of the school district, and Tom Leek, high school principal, as advisors.

Miss Marilyn Seigler, high school secretary, has been named banquet chairman for the annual association dinner and dance May 29. The meal will be served by the Band Boosters Club.

Miss Kirk is reception chairman.

Step lovely in fashionable styles of the new season!

Be first in style, last in compliments wherever you go—along the avenue, on campus, at social functions. Smart, flatteringly feminine, you'll step light and lovely in these beauties.

## Hi-Y Award Will Continue

Plans to continue the presentation of the Hi-Y Memorial Award were discussed at a meeting of the Hi-Y of East Liverpool High School Tuesday night.

The award, which will be presented in the near future, is given to a senior basketball player. It is presented annually in memory of men from East Liverpool who have died untimely in war and in peace.

After a brief discussion on whether to drop the award, because of criticism, the group decided to continue with the project.

The trophy is awarded on the basis of scholarship, sportsmanship, ability and leadership.

A car wash project will be held in the near future.

Jerry Duncan announced that the Hi-Y jackets with emblems will be available soon.

The boys have volunteered to usher at the Barbershop Quartet parade March 30-31 at Westgate Junior High School.

Next meeting is Tuesday at 7:30 p. m. Anyone who desires to become a member may attend three consecutive meetings.

## Photo Engravers, Cleveland Papers Schedule Talks

CLEVELAND (AP)—Afternoon and evening bargaining sessions were planned today by representatives of the Photo Engravers Union and the city's two daily newspapers, which have been shut down by a strike for 112 days.

The Photo Engravers Union has been described as one of two key unions in settling the dispute. The striking Printers Union, the other key union, has all-day negotiations set for Friday.

Negotiations were scheduled today also with the Operating Engineers Union in an intensified bargaining schedule aimed at speeding a settlement.

An official of the striking Machinists Union said after a night bargaining session Wednesday night that his union was close to agreement on a new contract. The official, James Lafelice, business agent, remarked:

"Just a little bit of budging on either side and I think the whole business could be done with."

The union membership at a

meeting Monday morning will hear details of management's "counter proposal," Lafelice said, but will not vote on it. The details will be presented at management's request for discussion only, he said, and negotiators will meet again Tuesday.

He declined to give details of the proposal. The union originally asked \$15 a week pay increase over a two-year period, which is \$5 more than the pattern that has been established in contracts agreed to by six other unions.

## Diplomatic Doubletalk

### State Department Beginning To Lose Its Reputation

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—The State Department is beginning to lose its reputation for speaking only in diplomatic doubletalk.

Twice in two months it has shown a startling preference for plain words bluntly spoken in criticism of friends and allies.

Prime Minister John Diefenbaker of Canada, who was the target last Jan. 30, and President Joao Goulart of Brazil, who was angered by the most recent blast, may well wonder whether an undiplomatic new era is opening in U.S. diplomacy.

Closer to home, observers have the impression that these bursts of verbal erring have not always been coldly calculated.

In the Brazilian case, the truth seen in Washington was blurted out in an unpremeditated way. A series of fumbles followed.

The incident began early this month in a secret session of the House Foreign Affairs subcommittee looking into Communist activities in Latin America. Ambassador Lincoln Gordon testified at great length on conditions in Brazil. His report to the committee is said to have been very frank and when he looked it over for possible publication he decided none of it should be made public.

As a substitute, Gordon and other State Department officials prepared a summary statement which was sent to the committee. Among other things, it said that Communists had infiltrated the Brazilian government — a serious accusation for one friendly nation to make against another even though U.S. officials regarded it as a true statement.

The summary, State Department informants say, was supposed to have been sent to the committee as a statement by the department, not by Gordon personally. Somehow, however, the paper arrived at the committee as a statement from Gordon and was so printed. When the committee released its report last Thursday, news stories reported the Red-in-government charge and it brought immediate expressions of indignation in Brazil.

The State Department first said the statement had been wrongly identified in being attributed to the ambassador. When that brought protest from the subcommittee, the department said the view was shared by the department and by Gordon though the statement should have been a departmental one.

Finally Undersecretary of State George Ball issued a statement deploring the whole affair and

emphasizing basic U.S.-Brazilian friendship. In Brazil, aides of President Goulart said he was satisfied and it appeared that the matter would be dropped and Gordon would be able to return to his post. It also appeared that Brazil would definitely get substantial U.S. financial assistance.

Qualified informants insist that there was nothing deliberate or calculated about the criticism directed at Brazil. It became public by misadventure.

But in the Canadian affair, there is no doubt that the action was deliberate.

The miscalculation in that instance was that the reaction in Canada was much more violent than expected.

Diefenbaker had refused to accept U.S. nuclear warheads for anti-aircraft and airborne weapons equipped to handle them in defense of the North American continent and Western Europe.

Diefenbaker blasted back, accusing the United States of intrusion in Canadian affairs. A great political storm arose in Ottawa and Diefenbaker lost a confidence vote in Parliament. He faces general elections next month with his non-nuclear policy an issue. So

are Canada's relations with the United States.

President Kennedy is known to have been annoyed by the failure of the State Department to realize the angry reaction which its statement might very well get in Canada.

Looking back, some officials thought that the whole thing might have been more diplomatically written. Secretary of State Dean Rusk told a news conference he regretted it if the tone of the U.S. comment had caused offense in Canada.

While such incidents as the statements concerning Canada and Brazil inevitably raise questions about changes in U.S. tactics under the Kennedy administration, it is likely that they fit a pattern in only one respect. Kennedy and Rusk do feel that occasionally issues arise on which the United States should speak up frankly, even at the risk of allied irritation. This attitude probably has filtered down through the government.

Yet it is also true that neither Kennedy nor Rusk personally worked on the Canadian statement. So far as can be determined, neither was involved in the Brazilian matter.

### Glenmoor PTA Has Election And Makes Carnival Plans

Richard Mattern was elected president of the Glenmoor Parent-Teacher Association Tuesday night.

Other officers named are: Mrs. Arthur Coplin, vice president; Mrs. Arthur Cunningham, secretary, and Mrs. Richard Badger, treasurer.

As part of the business meeting conducted by Mrs. Clara Chapman, retiring president, plans were outlined for the carnival April 20 and committee chairmen were named.

The committee includes: Mrs. Margaret Sayre and Mrs. Evelyn Badger, co-chairmen; Mrs. Evelyn Bloor, kitchen; Mrs. Kathy Wolfe, bake sale; Mrs. Chapman, bazaar; Richard Wolfe, basketball room; Jack Chapman, game room; Mrs. Betty Bernard, record hop, and Richard Badger, popcorn room.

Herschel A. Rubin, optometrist, was guest speaker Tuesday night, with his topic "Eye Care".

Another speaker was Joseph Coons, who explained the Area Citizens Scholarship Foundation. Coons is president of the foundation.

The attendance banner was won by the third grade, with Mrs. Lillabelle Leonard teacher.

Devotions were led by the Rev. Robert Thomas, minister of the Chester Church of the Nazarene. The flag salute was led by Mrs. Velma Gilbert.

Refreshments were served by the fourth grade homeroom mothers.

The next regular meeting will be May 21.

### Acres Is Predicted For Ohio Spring Crop

WASHINGTON (AP)—The Department of Agriculture has announced predicted acreage for spring crops. For Ohio, anticipated production and the percentage such plantings would be of last year's acreage includes:

Corn—3,121,000 acres or 107 per cent of last year's acreage.

Oats—857,000 acres or 93 per cent.

Soybeans (Grown for all purposes)—1,856,000 acres or 102 per cent.

Sugar beets—31,000 acres or 108 per cent.

Tobacco (acreage for harvest)—14,700 acres or 99 per cent.

Potatoes (late summer and fall crops)—14,500 acres or 100 per cent.

### Dedication Date Changed

Dedication ceremony for the new high school of the Western Beaver County School District has been changed to April 23 because of a previous commitment of the principal speaker.

Frank Meredith, supervising principal, advised the Board of Education Monday night Elliott Faulk was not available for the original date of April 22.

Faulk, executive director of the Pennsylvania Public School Building Authority, will be guest speaker for the rites at 8 p. m. at the new building in Industry with open house to follow.

Donald Bradshaw, principal of Fairview School, explained the program of studies and the sequence of subjects for students from kindergarten through the sixth grade.

He said thus far 60 kindergarten children and 149 first graders have been registered. Bradshaw also explained the testing program in the elementary school.

Permission was granted Thomas Bowman and Ken Stephens to participate in the regional band festival April 4-6 in New Castle. Leo Curto also will attend.

The art elective students were authorized to attend the Association of Arts Show at Carnegie Institute at Pittsburgh on March 28. Thomas Kozar, art instructor, will attend with the group.

Richard Hurter, chairman of the Athletic Commission, said coaching assignments include: Richard Shingler, baseball; George Hronanik, tennis and Richard Temple, golf.

The 1962-63 school audit, as read by Olen Gibson, chief auditor, was accepted. Next meeting is April 1.

### Dies Of Crushed Chest

CINCINNATI (AP) — James Reeds, 32, died of a crushed chest Wednesday when an electric mule he was operating overturned at the Diamond National Corp. plant in suburban Lockland.

### Filling Station Worker Burned In Blast, Fire

WASHINGTON COURT HOUSE, Ohio (AP)—A 28-year-old filling station attendant was burned Wednesday night in an explosion and fire at the station where he was working.

He was identified as Billy Justus. He was taken to University Hospital in Columbus. He suffered second and third-degree burns over 80 per cent of his body. He was listed in fair condition following surgery. He had been listed in critical condition when he arrived at the hospital.

Justus was draining gasoline from a car which had water in its tank, police said, when the explosion occurred. The cause of the explosion was not determined immediately.

The owner of the car, who was not identified, suffered burns on his hands and face.

The resulting fire damaged the filling station and burned the side of a semi-trailer truck parked in the station yard, police said.

### Pickets To Face New Charge In Disorder

LEBANON, Ohio (AP)—One of five pickets arrested two days ago at the strike-involved Production Plating Works faced an additional charge today as a result of renewed picket line disorders.

A dispute between the United Steelworkers Union and new owners of the plant erupted Tuesday when automobiles were damaged and plant windows were smashed. Five men were arrested on charges of destruction of private property. They were freed on bond pending Friday court appearances.

Police arrested Fred Dick, one of the quintet Wednesday on a disorderly conduct charge after Capt. Tom Johnson reported Dick had cursed a truck driver delivering supplies to the plant.

Judge Warren Young has issued an injunction banning further violence or intimidation of employees' families.

### Georgetown Dinner Held

A joint birthday dinner was held Sunday at the home of Mrs. Walter Reed of Georgetown when her family gathered to celebrate the anniversaries of Mrs. Reed, her son, Charles Reed, and her 10-year-old grandson, Robert Edwards.

Guests included Mr. and Mrs. Charles Reed, Mr. and Mrs. Gary Reed, Mrs. Robert Edwards and children, Robert and Paula, all of Chester, and Jack Reed and son, Richard, of Wellsburg.

Mr. and Mrs. William Reckner and son, John, attended the birthday celebration Sunday for their grandchildren, Pamela Sue Fletcher, 7, and Trinnie Fletcher, 1, children of Mr. and Mrs. Franklin Fletcher of Chester.

Mr. and Mrs. Dwight Brooks and children, Terry and Marcy, and Mrs. Henry Grey, all of Cleveland, have returned after a visit with Mr. and Mrs. Joseph Brooks.

Mr. and Mrs. Jesse Finley and sons of East Liverpool and Mrs.

Gertrude Crossman and Mary McHaffie of Coraopolis were Sunday guests of Mr. and Mrs. Curtis Finley.

### Great Grandmother Ohio Mother Of '63

COLUMBUS, Ohio (AP) — Mrs. Rebecca Battelle Taylor, a Lima great grandmother, is Ohio Mother of 1963. She succeeds Mrs. John H. Glenn Sr. of New Concord.

The selection of Mrs. Taylor by the Ohio Mothers Committee makes her a candidate for American Mother of the Year, a title which Mrs. Glenn also won.

Nominated by the Lima Federation of Women's Clubs, the 81-year-old mother of five was one of 24 nominees from all parts of the state.

Mrs. Taylor is the mother of four sons and one daughter. All of the sons have distinguished themselves in military service, three in the Navy and one in the Air Force. Her daughter is the wife of a retired Navy captain. Three of her sons are graduates of the U. S. Naval Academy.

Same Job, New City  
CINCINNATI (AP)—Leland R. Orendorff, city manager of Franklin, will become city manager of suburban Wyoming May 1. His appointment was announced Wednesday by Mayor Fred Wrampelmeier.

Out Of The Air

By ALAN GILL

TV Reporter In Search Of A Bikini

The playwright's instructions read: "Elsie is sitting beside an immense bathtub on a bathroom. She is in a two-piece flesh-colored bathing suit."

Alan Gill

Knowing that Tuesday Weld was playing the part of Elsie and that the "Show of the Week" people were taping this particular drama last week, I scurried over to NBC's huge studio in Brooklyn. I wanted to get a look at that "immense bathtub."

The lush melodrama in which the bathtub figures will not be flashed on your home screen until the evening of June 2, so don't wait up.

IT IS CALLED "The Lylah Clare Story." It was written by Robert Thom and directed by Franklin Schaffner, and is — roughly speaking — a cross between "Sunset Boulevard" and "The Dybbuk."

You will only learn from me that Miss Weld, during the course of the action, gets to fall down the largest, whitest, most glamorous staircase built since Florenz Ziegfeld passed on, and that she gets to shoot a rifle at some champagne glasses. Now, on to Brooklyn.

The set, it turned out, was a closed one. This happens at times when a story contains a walloping surprise which the director wants to protect against the incursions of blabber-mouths. Or it happens because of the temperaments of the stars.

IN THIS CASE, it was simply that Schaffner had a terribly complex production on his hands and didn't want any newspaper people tripping over cables or falling into bathtubs. I got onto the set anyway, disguised as a plumber, and saw the dress rehearsal through.

Since the story is set in Hollywood, the language is large. (Alfred Drake, as the great director, Louis Zakin, is on the rifle range, telling about his long-deceased star, Lylah Clare: "Stoned out of her mind, and not only on drink. She never missed, Lylah. Her leopard coats: she used to shoot them herself—" BANG! "—in India.") And the set is even larger.

ZAKIN'S indoor rifle range, his great study and dining room, his movie-studio staircase, and, oh yes, a marble bath the size of the Lincoln Memorial—these areas of action were the wedges in a great pie.

In a small area at the center of the pie stood all the production people, the cameras, the sound equipment. The demands of the script had left no room for the normal maneuverability of the machinery.

But with great energy and tension and frequent breaks (which are unusual in taped drama) Schaffner was giving "Lylah Clare" the full treatment.

The staircase scene was not to be rehearsed, I was told, but would be done once and for all at the taping that evening. Miss Weld would not fall; she would begin to fall.

An overhead camera would zoom to the foot of the stairs (seeing the fall from her eyes) while Miss Weld raced down the steps off-camera; it would then close in on her prostrate form.

ALL I SAW of the staircase action was a technician sitting on the second step eating a salami sandwich.

Anyway, Miss Weld and Mr. Drake went through their many florid scenes as the cameras frolicked about them like a bunch of blackbirds in a canary cage.

In the dinner scene, our little kitten was asked to clear the glasses from the table with a .22. As she squeezed the trigger a half dozen times, some recorded shots rang out over the set and a gentleman named Gilbert Seidman, a partner in the Center Firearms Co., reclined under a camera and fired gelatin pellets by means of compressed air toward the glasses and the crystal pendants of the chandelier.

The props shattered exactly on cue.

TUESDAY WELD played these scenes in a small voice, and with eyes that made at least one close observer swallow his tongue, and with a figure that melted the change in his pocket.

When it came time for the bathtub scene, the fellow was agog. He would at last see the immense tub. Well, the immense tub wasn't all it was cracked up to be. Instead of marble, it was made of wood and covered with marble-patterned wallpaper. The inside was a canvas sling.

And Tuesday Weld, instead of stripping down to her bikini, put on a raincoat to protect her dress and climbed into the tub like a fireman on his way to a fire. Not until that night's taping would she do it like Tuesday Weld on her way to the big time.

District Dairymen To Visit 2 Counties

LISBON — Columbiana and Mahoning County dairymen will visit facilities in the Stark and Portage County area March 28 for their annual spring dairy barn tour.

A wide variety of dairy equipment, housing and milking arrangements will be viewed and anyone interested may attend the tour, according to Don Myers, county extension agent in agriculture.

To Face New Trial

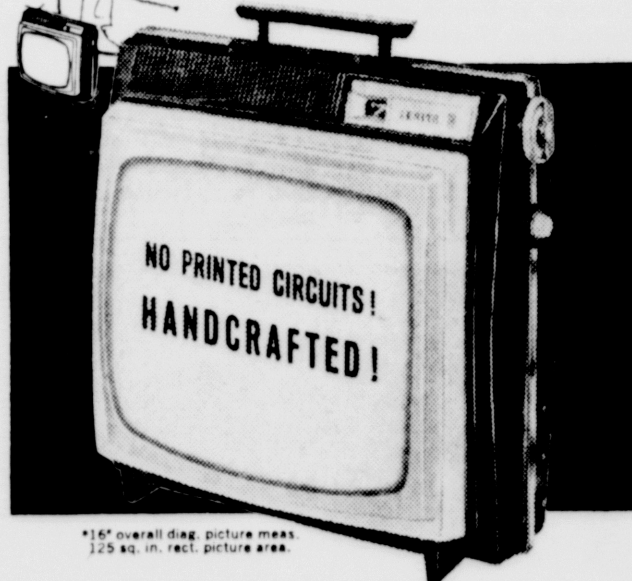

ST. CLAIRSVILLE, Ohio (AP)—A new trial date of April 22 has been set in the case of Sheriff George E. Neff of Belmont County. He faces charges of attempting to solicit bribes from officers of four private clubs in Barnesville.

A trial last month in Belmont County Common Pleas Court resulted in a hung jury.

Best nine-hole score on the PGA tour in 1962 was a 28 turned in by Tony Lema in the final round of the Seattle Open.

Garfield PTA Holds Panel

A panel discussion, "What Causes Children to Disobey," highlighted the meeting of the Garfield Parent - Teacher Association of Wellsville Monday night.

Mrs. Ruth Frischkorn, program chairman, was moderator and panel members were Mrs. Doris Nelson, Mrs. Bessie Carosiello, Samuel Linger and the Rev. Lewis Fraser. A film, "The Age of Maturity," was screened.

Mrs. Isabel Hart, fifth grade instructor, was in charge of the pupils' portion of the program, which included vocal solo, "I Hate Spelling," Raymond Means; talk on the Civil War, Jeff Wellington, and piano solo, Sally McCutcheon.

The report of the nominating committee, given by Mrs. Clara Bobalik, was accepted as follows:

Mrs. Violet Osborne, president; Mrs. Jean Reed, first vice president; Linger, principal, second vice president; Mrs. Wanda Dickey, secretary; and Mrs. Marceline Gooch, treasurer. Mrs. Marg-

ie Kinzel and Mrs. Marilyn DeFalco were named delegates to County PTA Council.

Mrs. Kinzel, president, presided and the group voted to purchase a trophy for the building winner at the city school spelling bee at MacDonald School. The meeting opened with devotions led by Rev. Fraser and the attendance banner was won by Mrs. Hart's room. Lunch was served by the social committee, Mrs. DeFalco, Mrs. Betty Salsberry and Mrs. Mary Lou Phenecie.

George Vlaich, vice grand, presided in the absence of Rudy Zetz, noble grand.

Luncheon was served 20. Next meeting is Tuesday.

Koppers Files NLRB Charge

BEAVER — Koppers Co. has filed charges with the National Labor Relations Board against Local 874 Oil, Chemical & Atomic Workers which struck its Kobuta plant in Beaver County for 191 days last year.

The company accused the union of failing to bargain collectively under the 1947 Labor - Management Act by refusing to sign a contract ratified by members last Nov. 8.

William Knauff, acting manager of the Kobuta plant, said Local 874 members by a nearly 5 to 1 vote last November accepted a contract contained recommendations and clarifications drawn up by a special panel of the Federal Mediation and Conciliation Service.

Knauff said, Feb. 27 the Federal Mediation and Conciliation Service by telegram advised both company and union to sign the agreement.

March 12, the president of Local 874 announced no contract would be signed until the grievances arising since the resumption of work were settled, Knauff explained.

# Mets Use Tree To Defeat Dodgers, Orioles Drop First

## Cards Top Baltimore In 4-3 Win

By MIKE RATHET  
Associated Press Sports Writer

The Los Angeles Dodgers used big bats, but then the New York Mets used a tree.

The tree turned in a sparkling defensive play for the Mets in the ninth inning Wednesday, holding Bill Skowron's out-of-the-park shot to a triple and saving New York's 4-3 exhibition baseball victory over the Dodgers at Vero Beach.

The Houston Colts got seven hits from Carl Warwick and 33 in all against 21 for San Francisco at Phoenix to outlast the National League champion Giants 16-12 in a 13-inning marathon.

The Yankees, barreling into ninth place in the American League standings, managed to get by with only 27 hits—including homers by Roger Maris and Joe Pepitone—for an 18-3 triumph over Washington at Fort Lauderdale.

Curt Flood hit his third homer and played thief on two drives to center field as the Cardinals dumped the Orioles 4-3 at St. Petersburg, Baltimore was the last undefeated team in exhibition play.

Pittsburgh blanked Detroit in a six-inning game, at Lakeland, Cincinnati edged Minnesota 6-5 at Tampa, the Chicago White Sox defeated Philadelphia 7-5 at Clearwater, Boston whipped Cleveland 5-2 at Scottsdale and the Los Angeles Angels nipped the Chicago Cubs 2-1 at Palm Springs.

things, reported Thursday that scoring in major college games dropped from a 141 average to 138.4 per game for both teams.

"The figures substantiate the suspicion that coaches across the country deliberately took the racehorse out of basketball," the bureau said. "At least enough of them turned to the control game to result in an unprecedented decrease in the number of field goal attempts."

Field goal attempts were the lowest in 16 years. The colleges averaged only 127.3 shots at the basket compared with 134.5 the year before.

For the fifth time in six seasons, the Midwest led the other sections in point-making, averaging 145.2 points a game for both teams. Largest decrease was in the South where scoring fell off 4.7 points a game.

The only section to show a scoring gain was the Far West. The Rockies had a slight gain—138.9 to 138.6—but the Pacific Coast leaped from 129.4 to 132.5.

## Return Bout Postponed Indefinitely

# Knee Operation Will Put Liston On Sidelines At Least 6 Months

By BEN FUNK  
MIAMI BEACH, Fla. (AP) — A knee operation will put heavyweight champion Sonny Liston out of action for at least six months. He may not fight again until next year.

The return bout with Floyd Patterson, which has been hanging by a thread for several weeks, was postponed indefinitely Wednesday night by the Miami Boxing Commission, after an official examination that revealed

damage to the cartilage in Liston's left knee.

"It is our opinion that this knee should have the benefit of surgical procedure," said a report by Dr. A. H. Weiland, widely known orthopedic surgeon who made the examination.

It would take at least six months for the knee to heal after such an operation, Dr. Weiland said. One of Liston's associates said the champion probably will not schedule a fight during the remainder of this year.

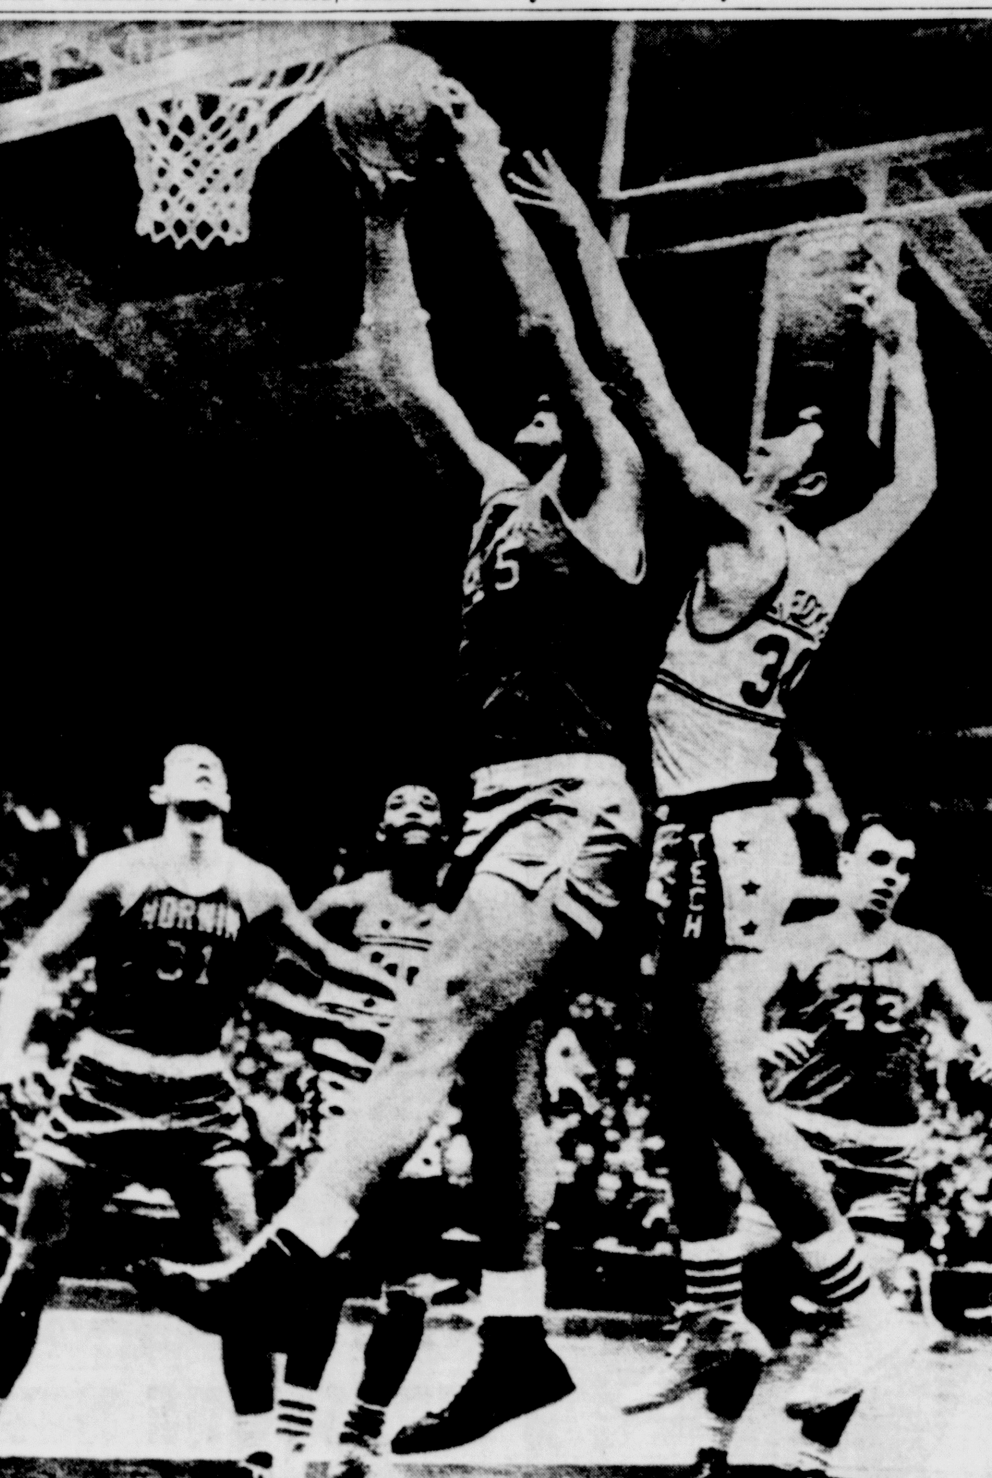

When the rematch with Patterson will be fought now is up to Liston. Where it will be is up to Patterson, who has the right in the return bout to name the site. Quietly, Patterson closed his Tropical Park training camp Tuesday night and began an automobile trip to his home in New York.

Talk started immediately of a possible match between Patterson and the young contender, Cassius Clay.

"I don't feel so good," Liston moaned when he walked out of Dr. Weiland's office after the hour-long examination which he had returned from Chicago to undergo on orders from the boxing commission.

His knee, originally injured when he swung a golf club, apparently was recovering when he hurt it again March 13.

Less than two hours after the examination Liston climbed on a plane and returned to his Chicago home.

## Record Found Of Phone Call

# Everyone Telling Truth In Bryant-Butts Case?

ATLANTA (AP)—Former Georgia Athletic Director Wallace Butts has taken a lie detector test and his attorney says the results indicate he is telling the truth in denying a charge of collusion to fix the Georgia-Alabama football game last fall.

William Schroder, the attorney, said Butts took the test Wednesday at Jacksonville, Fla. "He passed with flying colors," Schroder said.

The Saturday Evening Post charged that Butts telephoned inside information on the Georgia team to Alabama Coach Paul Bryant eight days before the game which Alabama won 35-0.

Bryant also took a lie detector test. He said the results showed that he, also, was telling the truth in denying the charge.

George Burnett, an Atlanta insurance man who heard the alleged telephone conversation, according to the Post, also took a lie detector test. He said the test showed that he, too, was telling the truth.

Burnett issued a statement through his attorney Wednesday night in which he challenged Butts and Bryant to take additional tests—using sodium pentothal (truth serum).

The attorney said Burnett offered to allow attorneys for Butts and Bryant to question him while he is under the influence of the serum if they would permit his

attorney the same privilege in questioning Butts and Bryant.

There was no immediate comment from either Butts or Bryant.

A spokesman for the Georgia Athletic Board said a record has been found of a telephone call from Butts to Bryant at the time the Post alleges the two conspired to rig the game.

The attorney for the board, M. Cook Barwick of Atlanta, said "we found a record of a call at the precise time Burnett said he heard the call. The record indicated the call was made from an Atlanta number to Tuscaloosa but was charged to the athletic board."

Butts, who has never denied talking with Bryant, said at his Athens, Ga., home last Sunday

that he did not recall a conversation on the specific date.

Burnett was quoted in the Post as saying that through an electronic mistake he was connected into the conversation between Butts and Bryant.

## Mets Are Interested In Snider; Must Wait

CLEARWATER, Fla. (AP) — The New York Mets are interested in Los Angeles Dodger outfielder Duke Snider but will have to wait at least 10 days before learning whether he's up for the highest bidder.

The Dodgers told the Mets Wednesday that the Los Angeles club wants to wait 10 days more before deciding whether to keep the 36-year-old left-handed swinger.

## Three Title Bouts Set Tonight

LOS ANGELES (AP)—Boxing's championship triple header, rained out of its first scheduled date, tries again tonight at Dodger Stadium, with welterweight king Emile Griffith meeting Luis Rodriguez in the feature.

"Mostly clear," was the weatherman's forecast, yet promoters still kept their fingers crossed after the postponement last Saturday night cost them an estimated \$100,000. They hope to recoup with a big crowd.

Down the drain with the rain went the \$70,000 television guarantee. Tonight's show now goes on strictly for the audience in the huge baseball field.

Opening the title action at 11 p.m. EST, are Griffith, the 147-pound champion from New York, and Rodriguez, the Cuban exile who now calls Miami, Fla., his home.

Davey Moore of Columbus, Ohio, then defends his featherweight crown against Sugar Ramos, another Cuban refugee who now lives in Mexico City, while Raymundo (Battling) Torres of Reynosa, Mex., fights Roberto Cruz of the Philippines for the vacant junior welterweight title.

All three fights are scheduled for 15 rounds.

## Chester Team Second In Legion Tourney

A team captained by Bob Sayre from Chester Post 121 finished second in the annual American Legion district bowling tournament held Sunday at Weirton.

Weirton Post 10 won the tourney with a 2920 total while the Chester entry was runnerup with 2,896.

Other members of the Chester squad included E. Walker, C. Davis, G. McGurran and D. McGurran.

SONNY LISTON'S ride in a wheelchair with his young friend Mike Swerner at Miami International Airport was only for fun, but an hour later he learned he would probably be doing a lot more of it. After arriving back in Miami Wednesday, Liston was examined by a Miami Beach Boxing Commission doctor, and shortly thereafter an official with the Commission said that the Liston-Patterson fight was off, because Liston would undergo a knee operation. ## Ankney To Feature Program Tuesday

# Dayton U. Football Coach Is 'Sports Night' Speaker

Pete Ankney, former Canton McKinley coach and now football boss at Dayton University, will be guest speaker when the Blue and White Nonpareil Club holds its annual "sports night stag" Tuesday at 7:30 p. m. at Westgate School.

Coaching staffs and players from the area have been invited to attend the program.

ANKNEY will speak on "Choosing a College and the Value of Football." He also will talk about the intramural football program he developed at Canton McKinley after the school was placed on probation during the 1962 football season.

Ankney was named to the Canton McKinley post and later to the Dayton job after being a head or assistant coach in 70 victories and 13 losses.

HE SPENT two years at Mc-

Kinley before signing a three-year contract at Dayton. Ankney is a graduate of Dayton U. but played very little football in college.

After serving as an assistant coach for three seasons at Kettering Fairmont, Ankney was named head coach in 1959 and his Fairmont teams won 17 while losing only two. His first team in 1959 compiled a 9-0 record and was third in the state football poll and he was runnerup in the balloting for coach-of-the-year in Ohio. His 1961 McKinley team had a 6-5 record.

The 30-year-old coach also is the author of a book on football organization and it is used in football classes at some of the leading universities.

Bob Hedmond, Potter football coach, is chairman of the "sports night" and refreshments will be served after the program.

## Was Never Satisfied With His Game

# Cousy's Drive Won't Hurt Him In New Life As Coach

By BOB HOOBING  
Associated Press Sports Writer

BOSTON (AP)—With his boundless energy, young Bob Cousy viewed life from the street of a New York slum and saw two paths.

One was to achievement in sports. The other to the world of stolen hubcaps and broken windows.

The all-time athletic great retiring from the Boston Celtics after 13 years credits his path on the right road to his parents and the fact they moved to a basketball hotbed in the borough of Queens when he was 13.

"Contrary to popular opinion,

I was not born with a basketball in my hands," Cousy says. "In fact, I hardly knew what one looked like until we moved to St. Alban's. From then on, the excellent competition at my school and the ones we played against helped me to sharpen my game."

When Cousy arrived on the Worcester, Mass., campus, the Crusaders had a budding national champion.

"So here was I, the great Cousy, captain of the New York City all-scholastic team the year before, relegated to a boy fighting to stay on the squad," he recalls.

After earning All-America

honors at Holy Cross, he was drafted by the Chicago Stags. That National Basketball Association franchise folded shortly thereafter and the Celtics, who didn't want him, got him by drawing his name from a hat. Bob now discloses he had doubts then that he would even make the team but set out to prove himself all over again.

Thirteen All-Star squads and five NBA championships later, the results of Cousy's efforts need no embellishment.

Former Holy Cross teammate Andy Laska recalls the Cousy of their college days.

"He was so determined and devoted we used to practice in a barn... and when we'd all be up eating supper in the dining hall, he'd still be down in the barn practicing... That's his secret. He's never satisfied with his game, even after 13 years."

Cousy makes no blanket predictions as to how he will make out as a head basketball coach at Boston College, a post he takes over next season. But he feels his understanding of boys will help.

The ceaseless Cousy drive won't hurt his cause much either.

## Hi-Y Award To Mark ELHS Basketball Fete

Presentation of the 18th Hi-Y trophy will feature four awards to be made Friday at a banquet for the East Liverpool High School basketball squad.

Three seniors are eligible for the trophy this year including All-

Awards also will be presented to the best foul shot on the varsity and reserve squads along with a trophy to the team captain of the varsity.

Dinner will be served at 6:30 at Westgate school and Bill Laughlin former East Liverpool High player and coach, will be guest speaker. Laughlin now teaches at Washington (Pa.) High School where he coached for 16 years and never had a losing basketball season.

Tickets for the banquet are \$2.25 and are on sale at Reese's Jewelers. Dr. Arthur Turner will be master of ceremonies with Bill Webber ticket chairman.

Senate Eyes Education Bills

House Vote Gives School Okay On Trimester Plan

COLUMBUS, Ohio (AP) — Branch districts of state universities soon may have both trustees and the authority to levy taxes to operate the districts.

The Ohio Senate, before recessing today for the weekend, plans to vote on two bills to accomplish both those purposes. Passage would send them to the House.

Under present laws, branches of state universities such as those in Portsmouth, Newark, Zanesville and Lima are governed solely by trustees of the parent universities. The branches have no authority under law to tax their areas for branch university operations.

A major education measure cleared the House hurdle Wednesday. It would permit local school boards to make 12-month use of their buildings by means of either a trimester or quarter system under which pupils would be required either to attend school for two trimesters or three quarters a year. The House vote which sent the measure to the Senate was 93-37.

In another major action, the House passed and sent to the Senate a bill to override an attorney general's opinion outlawing concession games at the state and county fairs. The bill, which und-

ergerds the financial setup of many fairs, was passed as an emergency by a final vote of 113-7. It is designed to permit concession games at this year's fairs starting in June.

The aim is to permit games where skill is a factor in winning. The measure now goes to an apparently receptive Senate.

The vote on the bill to permit the trimester and quarter systems in public schools cut across party lines with 72 Republicans and 21 Democrats in favor. It was sponsored by Reps. Walter Powell, R-Butler; Sam Landes, R-Madison; Barry Levey, R - Butler, and Charles Mooney, D-Cuyahoga.

Powell described the measure as one answer to classroom shortages but emphasized the authority to abandon the traditional semester system is entirely permissive with individual school boards.

Highway Unit Warned Of Losing U.S. Aid

COLUMBUS, Ohio (AP) — Two Youngstown officials have told the Ohio House Highways Committee that Ohio must meet provisions of a federal highway bill or risk loss of highway aid.

George Carvallas, urban renew-

al director, and Stanley Leven, planning research director of the city, testified Wednesday night in favor of a bill to make Ohio law conform to a federal measure granting funds to help pay the moving costs of families forced to move because of highway projects.

The measure is sponsored by Rep. Thomas Gilmartin, D-Mahoning.

Carvallas told the committee the intent of the federal measure is to give counsel to families displaced by highways similar to that given to families displaced by slum clearance—to guide them into decent housing unlikely to be disrupted soon by another project.

The Gilmartin bill, which apparently covers a matter overlooked by the Rhodes administration, attempts to keep Ohio qualified for federal highway aid. The federal act allows the federal government to share in moving costs to the same extent it shares in the highway program involved.

Japanese-Made Ducks Checked In Poison Threat

A check of local stores is under way by Septimus Cook, city health commissioner, to determine if any of hundreds of Japanese-made toy ducks containing arsenic and lead were shipped here for the Easter season.

Narcotics investigators said the ducks pose an immediate danger to any small youngster who might have one in his possession.

The toys, originally live ducks, were preserved with a compound containing arsenic, frequently used by taxidermists. The birds' feet and bills were coated with lead, which is poisonous.

Officials said the toys can be identified by a number—1810—on the ducks' feet. They were shipped in four-inch-square brown cardboard boxes.

County Health Department authorities have not been notified officially of the toys, but are aware of the shipments.

Welfare Department Has Wards Increase

LISBON — The number of children in care of the County Welfare Department showed a net increase of six during February, according to the monthly report of Robert Bycroft, director.

On Feb. 1, the department had 163 wards under its care. It added 31, and dismissed only 25 during the month.

Beginning March 1, there were 169 on its rolls — 129 in boarding homes, seven in the Kyes Memorial Receiving Home, six in free homes, 22 in adoptive homes and five in institutions.

Two Injured Fatally In Car-Truck Crash

RAVENNA, Ohio (AP)—Two 21-year-olds were injured fatally Wednesday night in a collision involving a car and a tractor-trailer on Ohio 18 just west of Lake Milton.

Killed in the crash was Douglas A. Roud of Canton. Michael Nye of Newton Falls died in Robinson Memorial Hospital here a few hours later.

Hammondsville's Host

3,000 School Vocalists, Musicians Due In Contest

HAMMONDSVILLE — This tiny Jefferson County village will really be "swinging" Saturday as upwards of 3,000 musicians and singers converge at Stanton Local High School for the District 8 band and choral contest.

The contest will be the largest held in the district for many years. There are 31 bands and 21 choral groups entered from Jefferson, Columbiana, Stark and Tuscarawas Counties.

Scene of the event is the new \$1½ million Stanton Local High School. The modernistic building opened last fall.

Supt. C. P. Henderson said the competition will begin at 8:30 a.m. and continue until about 5 p.m. The public may attend and the Stanton Local Band Boosters will serve refreshments all day at concession stands. Food will be sold those visiting the contest during the lunch hour. The program schedule follows:

Neatness Of Contest Pointed Out By Maola

For the first time in a number of years, the District 8 Band Contest will be held close to East Liverpool, giving residents of the area an opportunity to attend, Vincent Maola, supervisor of instrumental music, announced.

The contest will be held at the Stanton Local High School Saturday. It is open to the public and there is no charge, Maola said. Four buses will be used for transporting the band, leaving at 12:45, arriving for a warmup session at 1:30 p.m. The local band will play at 2:30.

The students will rehearse at the Memorial Auditorium Saturday from 9:30 to 11:30 a.m. and will have lunch from 11:30 to 12:30.

Kent Band Will Play At Hammondsville

HAMMONDSVILLE — The Kent State University Concert Band will present a concert Friday afternoon at 1 at Stanton Local High School.

Supt. C. P. Henderson said the public is invited and a small fee will be charged for admission. Edward L. Masters, director of bands at KSU, will direct the concert.

Changes In Retirement Act To Assure Barron Pension

CHARLESTON, W. Va. (AP) — Changes made by the recent legislature in the state's public employees retirement act will assure Gov. Barron a monthly pension of about \$200 when he becomes 62. Before the changes, he could anticipate nothing.

The same new language embraces such other elected officials as the Treasurer, Auditor, Attorney General, Agriculture Commissioner and Secretary of State; some circuit judges, and members of the Legislature.

It makes them eligible for benefits after eight or more years of credited service, if in the last three years of such span they have made the normal retirement system contribution of 3½ per cent of their salary.

Generally, those eligible for benefits must have at least 20 years of service if they leave their governmental positions before they are 60; or at least 10 years if they are working when they reach 60.

Benefits amount to 1 per cent of a worker's final average salary—the average of his highest annual pay during any five consecutive years of the last 10 years worked—times years of service.

Barron will be able to show 14 years of service because of stints as Liquor Commission Chairman and Attorney General, but he will be only 53 when his current gubernatorial term expires in January 1965.

## Keep In Trim

By IDA JEAN KAIN

### Nutrition Science Can Work 'Miracle'

The science of nutrition, applied to three meals a day, put the family in yesterday's column on the road to healthy, happy, normal weight.

All science, including nutrition, is comparatively new. As someone has pointed out, of all the scientists who ever lived 85 percent of them are living. Ida Jean Kain today, So, regardless of your age, the newer knowledge of nutrition was brought to light during your lifetime.

Today, overweight is our number one nutritional problem. With our changed way of life the food habits and size servings to which we are accustomed are now too fattening. In this mechanical age, we do not require anything like the fuel needed in a more physically active age. Our everyday ways of eating no longer match our way of life. All excess fuel is stored as fat.

HOWEVER, EVEN though our fuel needs, as measured in calories, are markedly lower, our requirements for specific amounts of the essential nutrients have not changed. With calories diminished, the emphasis must be on quality so as not to shortchange ourselves nutritionally.

Today's homemaker must pay

particular attention to keeping the nutrients up and the calories down.

Now to reducing: When you budget calories, which you must in order to force nature to draw out stored fat for part of your fuel needs, each food included in daily menus must contribute its full share of protection.

Happily, the protective foods which furnish the vital nutrients, are not the weight makers.

The following protective foods are rich sources of the essentials: fruits, green and yellow vegetables, lean meat, fish and fowl; milk, skim milk, buttermilk, cheese and cottage cheese; whole grain cereals and whole grain bread.

These foods are called protective because they are the best sources of protein, minerals and vitamins.

In yesterday's story the family did not look upon protective foods as a "diet" but as a way of eating for right weight and positive, wholesome, salubrious health to be genuinely enjoyed.

WHEN YOU REGARD protective foods in terms of glowing health and more joy in daily living, you want to make them the backbone of your daily menus.

Food habits are set early in life. Today's loving wife and mother is the one who plans meals which help her family establish an eating pattern that leads to a lifetime of good food habits.

Send a stamped, self-addressed, long envelope for "Teen - Age Challenge" and "Choose To Lose Diet." Address your request to Ida Jean Kain, in care of The Review. Post card requests cannot be answered.

## Suits Cite Liquor Board Power To Revoke Permits

COLUMBUS, Ohio (AP) — Whether the Ohio Board of Liquor Control can revoke permits of establishments with pinball machines is a question that appears headed for a showdown.

Eighteen owners and lessors of such machines and one permit holder filed suit against the board Wednesday in Franklin County Common Pleas Court.

The suit seeks a declaratory judgment as to whether the board has such power, attorney R. Brooke Alloway said. Alloway declined to give the names of the plaintiffs.

In addition to filing the suit, Alloway asked for and was granted a temporary injunction by Judge Dana F. Reynolds. The injunction put into abeyance an order by Liquor Director Donald D. Cook for permit holders to rid themselves of such machines by April 1 or face revocation.

No date was set for further proceedings.

Cook said the Liquor Department had anticipated such action. He indicated he welcomed it, adding: "Perhaps this will resolve the question once and for all."

The suit involves only machines that do not give payoffs in money. The law is clear where gambling actually is involved, attorneys said.

## Hammondsville League Nets \$72

The Junior Little League baseball squad of Hammondsville realized \$72.04 in a bake sale project Saturday, Mrs. Shirley Grafton, secretary, reported today.

Mrs. Delbert Furber underwent surgery Monday in City Hospital. Marsha Grafton returned Sunday after several days in City Hospital.

Mrs. Kenneth Rose of Canton is spending several days with relatives here.

Mrs. Craig Hawley and son, Jeffrey, have returned to near Ravenna after spending two weeks with her parents, Mr. and Mrs. Stanley Baker.

Mrs. Lillian Nightingale is recovering at the home of a son, Robert Nightingale of Wellsville, from injuries received in an auto crash in January.

## Williams Joins Ayers

In Criticizing Film

WASHINGTON (AP)—Sen. John J. Williams, R-Del., has joined Rep. William H. Ayres, R-Ohio, in criticizing a federally sponsored television film depicting businessmen as expense account cheaters.

The 20-second film, showing a businessman with a drink in his hand and a blonde on his lap, was shown on at least one network before the Internal Revenue Service withdrew it because of complaints.

"It is an insult to the overwhelming number of businessmen who try to make the proper tax returns," Williams said.

Ayres, who described the film as vicious, said he has been told the films cost as much as \$20,000 apiece.
